MORTGAGES.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headlines are the dates when the mortgage was handed into the Register's Office to be recorded. Whenever the letters "P. M." occur, preceded by the name of a street, in these lists of mortgages, they mean that it is a Purchase Money mortgage, and for fuller particulars see the list of transfers under the corresponding date. Whenever the rate is not given, read as 6 per cent.

A Talk About Business Prospects.

Mr. Gardner, of Bayer, Gardner & Himes, said they are now very busy and expect to continue so for some time. The general outlook is very bright. To offset the advance in prices of materials in their line they have been compelled, as all other firms in their line have been, to quote higher figures. They are doing a great amount of figuring on large contracts and anticipate a good business year.

* * *

Mr. Klein, Treasurer of the New York Electric Equipment Company, says that we still appear to be in the condition in which we were left at the outbreak of the war, when so much contemplated work was suspended. Where firms ought to be working now they are figuring. His firm is estimating on a vast amount of work. New blood has been infused into the company, and in anticipation of a considerable increase in the volume of their business they are at present enlarging their offices and clerical force.

* * *

Mr. Runkle, of the Warren Chemical & Manufacturing Co., said when asked what the present condition and general outlook of trade was, that the whole matter might be summed up "Very good." His firm expected to remain busy for some time to come.

* * *

In conversation with Mr. Allen, superintendent of Armstrong, Maitland & Co., he said the general business outlook for the next three months was very fair indeed. He expressed confidence because there is so much building of a high class going on now and in contemplation for the near future.

* * *

Messrs. J. & R. Lamb appear to have all the work they can handle for some time to come. Mr. J. Lamb reports an exceedingly bright outlook in all branches of their business. He says that their correspondence lately has been such, and they are doing so much figuring, that they feel confident of a considerable change for the better. They expect to run to their full capacity, especially on work for out of town contractors.

* * *

Mr. Newcomb, of the F. J. Newcomb Mfg. Co., reports that there are very bright prospects for a good business year. At present they have about four times as much work on hand as at this time last year, and the present outlook is that they will continue at the same rate. Customers who were "considering" last year are 'acting" this, and he finds they are asking for better grades and expect to pay a better price.

* * *

A great many lumber dealers to-day find a scarcity of lumber in their yards, and the market price advanced, so that they are at the present time unable to supply the demand and are obliged to refuse orders. On the other hand, there are a few who were fortunate enough to have had their orders placed before the rise, and are now reaping the benefits. Of these latter are Messrs. Bailey & Alling, of Newark, N. J. "The conditions of the lumber trade," said Mr. Bailey, "have changed materially within the past

sixty days. For the last three years or more there has been a surplus among the manufacturers of nearly all kinds of hard and soft woods, which, with a decline in the consumption of the same, has caused a depression of prices, so that neither manufacturer, wholesaler or retailer could do a profitable business. With the close of the war this suddenly changed, and now lumber is sold behind the saw instead of in front of it. Prices have rapidly advanced, and will do so in the future. The outlook for trade at profitable rates is good, and we predict a few years of good times for careful dealers."

* * *

Merchant & Co., Inc., of Philadelphia, New York and Chicago, report a heavy increase in tin and Babbitt metal business. They have recently taken, among numerous others, a carload order for Babbitt metal from a large Western machinery manufacturing company, the shipment consisting of an assortment of grades. This order was placed after an exhaustive list of samples from a number of manufacturers. This company has been manufacturing all grades of this metal for a quarter of a century, and their present large business in this line is a fitting tribute to their thorough experience and reliability in its manufacture.

TESTS OF BUILDING STONES.

In the geological report of the State of Indiana the following directions are given for testing the quality of building stones: The elasticity of stone may be tested by sawing it into long, slender strips, say 2 inches square and 3 feet long, when, if it be quite perceptibly flexible, its elasticity is good. If such a bar be suspended so as to hang free by a string and is struck a light blow with a hammer its evenness and solidity of fibre will be attested by a clear, sweet metallic note, not unlike that of a fine bell or that of a well-tempered steel bar. As a rule the best stone will break with a direct line of fracture; but it may be conchoidal or otherwise indirect and still be unobjectionable. Parallel lines of cleavage or of stratification are always favorable indications where other features are promising. Resistance to crushing weight may be pretty safely inferred from solidity of texture and evenness of grain; but it is always necessary before a final acceptance to submit the material to the severest tests of an apparatus for that purpose.

In examining sandstone, with a view to building purposes, the outcropping, if there be any, should be carefully scanned with a view to discovering what effect long exposure to the atmosphere and the rigors of winter may have had upon it. If the stone has weathered badly, this will be shown by one or another sign of disintegration or demolition, and a talus of fragments and sand will be found formed at or near the base of the outcropping cliff. Often the substance of the rock will show unmistakable evidence of inequalities of structural composition, such as horizontal cavities caused by the weathering out of seams or streaks that, on account of bearing too much iron, have oxidized and crumbled away. Such stone, if used in a building, would prove worthless and therefore dangerous. It is often the case, as I have observed during a long experience in civil engineering, that public bridges erected by counties are rendered unsafe by having their piers and abutments constructed of this kind of stone, and that, too, in places where most excellent material lay near at hand, and which a little knowledge of the nature of stone would have pointed out to the superintendent. Too frequently it happens that appearances of the most untrustworthy kind are relied upon where an ignorant person is set to do work which ought to be in charge of a skilled and well-informed engineer.

Vol. LXIII. MAY 6, 1899. No. 1,625.

IN producing the break on the Stock Exchange this week all sorts of excuses have been used. The growth of public opinion in favor of taxing corporate franchises, as shown by the result of the Chicago election and the passage of the Ford franchise tax bill in the New York Legislature, was used to good effect although its influence was temporary. Local securities were, of course, most affected, but as soon as it was understood that a considerable period of time must elapse before taxes could be collected under the bill, even if it should become law, it ceased to influence. As to the great railroad systems that extend through the country a tax on their franchises, by any conceivable calculation through which such a tax would be imposed, would more probably benefit than hurt them. They are already so heavily taxed that any change must bring relief and of course the principle of taxing franchises must be generally adopted throughout the country before they need, as a whole, consider its probable injuries or benefits. There continue to be circulated unsatisfactory reports of the agricultural situation and these also accompanied the break in prices; but, as a matter of fact, the real cause of the latter were the unwieldiness of quotations and the restiveness of holders on margin in the face of a tendency of prices to slump. The reaction we are now seeing is purely and simply the natural result of overdone buying. It is a phenomenon familiar to the street and need create no surprise. When merely speculative issues are put to investment prices, there must come a time when they go back to the figure that their character warrants. We are seeing this process working out to-day and it is not completed. It will be noted that true investment issues are not affected and this is one of the good signs of the times and one that reduces the declines in other issues, to their proper significance. It is not a time when sacrifices need be made. Business is good, the country is prosperous and money is plentiful, but these things will not bolster up inflated valuations indefinitely. In referring to the stock market and to Wall Street business generally, the recent subscription to the Amalgamated Copper Company's shares should receive attention not because of the individual significance of this event, but because it shows that the moneyed public is eagerly awaiting the opportunity to take part in the industrial development of the country, in the only way available through shares of corporations. The profits promised from this source are so much greater than from any other that it is natural that people with money to employ should turn their gaze in that direction.

AMONG all political events that have had a tendency to confirm business confidence and to prolong the era of prosperity in which Europe has been so long happily dwelling, the Russo-British agreement in China must have first place. The march of Russia to the Pacific was thought certain to bring about a conflict in China such as the middle of last century saw in India and Canada. Judged by old-world precedents it was thought impossible that either of two great European nations would be content to tolerate the other in China and that a conflict must ensue to prove which was the stronger and should exclusively occupy that field. That better counsels prevail and it is seen that there is room for all, not excepting the natives, is a happy thing for the world. There may arise a question of the moral right of any foreigner to say what he will or will not do there, but this arrangement for mutual occupation through peaceable discussion is a distinct advance on the old methods of the sword, because in neither case would the native be consulted. Coming to matters of lesser importance we note that the Board of Trade returns relating to the British cotton trade for the first three months of the year show a very slight falling off in exports as compared with the first quarter of 1898. The points of decreased and increased shipments correspond to a considerable extent with the points of dull and active trade over the world. The first were Brazil, Japan, Turkey, India, Germany, Straits Settlements, Greece, Egypt, Philippines, Holland, Italy and Belgium. The points of increased shipments were: China, easily leading all the rest, Venezuela, Morocco, Mexico, the South American States excepting Brazil, Central America, United States, Foreign West Indies and Australasia. The revival of the agitation, stilled a year ago by a compromise, to raise wages 10% in the cotton trade has been begun, but the employers are preparing to resist it. There have already been advances of wages in this industry this year as well as in the coal and iron and steel trades. In order to encourage manufactures in mother-of-pearl—now a Viennese specialty—the French government some time ago established an export duty on the shells from French colonies in the Pacific which was reimbursed on the shells entering France. It is now proposed to make a similar arrangement in regard to caoutchouc, which is now handled mostly in Britain and Germany. Speculative industrials have been the favorites in Berlin as in New York. Coal and iron shares have moved upward during the year the swing running from 10 or 12 to as much as 70 points. In fact industrial corporation together with the large returns made on the stocks, not in Germany alone but in Europe generally, is relegating high-priced government and municipal issues to the ultra-conservative and the estates and trusts whose range of investments is limited by law. In London recently colonial and municipal issues have only been poorly covered by subscriptions, so that, for the time being at least, there is a rising wave of interest rates, people being no longer satisfied with the low ones that have prevailed for some time. An interesting experiment was made recently in the Simplon tunnel, the result of which sent dynamite shares off 20 points in the Vienna market. Compressed air was employed in blasting in opposition to dynamite and came out of the contest completely successful, it is reported. Industrial enterprises are being invited into Hungary by generous state concessions, in order to diversify the industries of that country, now considered too purely agricultural, especially in view of the possibility of a failure to agree on a state treaty with Austria and a consequent imposition of tariffs between the two countries.

EVIDENCES OF AN IMPROVED REALTY MARKET.

BY the distribution of the conveyances and mortgages, which is made in the table given below, it can be easily seen where the business has come from that made the first quarter of this year so active in real estate circles. It will be noted that the total of conveyances bulks rather in money value than in number; as a matter of fact there were 260 more deeds filed in the first three months of last year. It is in the increased importance of the property conveyed that the report for the quarter of this year has most significance. It will be noted that in 1988 conveyances out of 3,903 filed in the first quarter of this year and in 2,354 out of 4,163, of the same part of last year, we have no way of estimating the value of the property conveyed; but this year the considerations were given in 1,915 instances, as against 1,809 so given last year. In the first case the total valuation is $42,877,600 and in the second, $27,364,948. The average per conveyance this year is $22,390 to set against an average of $15,127 per conveyance last year, an increase of $7,263, or nearly 50%. This result is, no doubt, partly due to a larger proportion of high-priced property getting into the division of the conveyances, "with consideration," than was the case last year, but not wholly. Such a remarkable comparison can only be the result of an increased activity in the realty market with rising values and more bulk to the transactions. The distribution referred to is:

By reference to last year's figures we have found that there has been a good deal of shifting in the scenes of activity. In the section between Chambers and Canal streets the improvement was quite marked, as it was also in the lower sections east of the Bowery. But the greatest change for the better took place in the sections between 23-59th streets—3d and 7th avenues. In this somewhat extended strip, while there was a falling off in the number of conveyances, the money value of the property conveyed appears to have been very much greater in the quarter of this year. In the section between 5th and 8th avenues, 110th and 125th streets, there was both an increase in volume of conveyances, and of money values, where they were given. The 23d and 24th wards do not do so well as they did in the first quarter of last year, there having been a decline of 152 in the total of conveyances, of 82 in the conveyances with consideration and of $2,361,315 in the amount of consideration reported. The mortgage business pretty generally followed the lead of the conveyances, except that in the lower sections of the city there continued to be borrowed large amounts on realty, which were obviously not for improvements, a feature that has appeared in other quarterly tables, like the one given above. It is evident from this that investment realty is being drawn upon as an asset to meet the demands of a growing manufacturing and commercial industry.

THE UNIVERSITY CLUB.

(See Illustration.)

GIVEN a building to design for a wealthy city club, the steady person with a safe habit for the obvious, would certainly seek his type among the Italian palaces of the Renaissance. If he were a busy, fashionable architect, which, of course, he would surely be were he employed by a wealthy city club, it would be certain in the very highest degree that he would revert for his pattern to some of the familiar buildings of Florence or Rome of the great revival. In adopting this course, both the steady person and the fashionable architect would be following a useful profession if not in the highest sense well, then in the practical sense wisely. Other plans, no doubt, are open, to be followed, even the course of struggling over the draughting board with a problem rather than a pattern; but this method, though it would undoubtedly betoken spirit, would lack discretion and an adequate discipline by the inevitable conditions of modern design.

No one, therefore, properly informed, will suffer from his first view of the new University Club, now receiving the finishing touches on Fifth avenue at the corner of 54th Street. It is a splendidly obvious piece of work. It is Italian, it is of the Renaissance, it is the Riccardi, the Pitti, it is, we might say, a common expression of so many good things that we have all loved for so long that they have become generalized into a typical picture that arises at the merest suggestion of the Florentine palazzi. Here it is in the concrete at last in New York. We have been drawing it to us little by little for years; now the heavy overhanging cornice, now the rusticated stone-work, now the regimented windows evenly spaced with round moulded arches and prismatic voussoirs and so forth, etc., etc.—the reader cannot need the details, particularly now that he has them assembled in one building.

Upon the vox populi principle the realization of what everybody has agreed upon cannot be regarded as an insignificant matter even in art, and there can be no doubt that the University Club will receive a measure of public applause not accorded to any similar building yet erected in the city. Architecturally, for the people, it will be The Club, just as Trinity let us say is The Church. The one is as distinctly "clubby" as the other is unmistakably churchly. It expresses Pomp, Comfort and Reserve—the three Graces of the modern city club.

The building stands on a rectangular corner plot and the street front is longer than the avenue front. The entrance and consequently the main façade are on the street—an obvious requirement of plan. Again, evidently requirement of plan necessitated the division of the building into three horizontal units of very nearly equal dimensions; that is: a ground story and a mezzanine, a first floor and a mezzanine, and a third story with a fourth which appears to be only partial, hidden in the lower member of the great crowning cornice. The separation of these three units is very simply effected, some may think with barely sufficient boldness, by a band of carving and string courses between the first and second, and between the second and third by string courses and a row of dentils. The windows are all regularly and symmetrically spaced and coincide vertically as to position and horizontally as to shape and general design. The main stories, that is the first, third and fifth, are pierced by great round arched transomed windows, the intrados and jambs of each forming a continuous moulding. The openings of the mezzanine floors are flatheaded and, compared with the larger arched windows of the main floors, small even to the point of insignificance. On the second story these mezzanine windows are each provided with a simple balcony, and on this floor, as on the similar fourth, the exterior wall spaces between the windows are filled with carved seals of the several universities. On the main facade, on the third floor, bronze balconies, carried on richly carved stone console brackets accentuate the central window and each alternate window, but on the fifth floor the central window only. On the Fifth Avenue front, the three middle openings of the third floor are united by a similar balcony, which reappears again on the fifth story, but, as on the street front, under the centre window only.

These, then, with the great overhanging stone cornice, the entrance porch with its fluted, carved and banded order, and the terminal piers at each corner, of small projection, constitute the elements of the design. As we have already indicated, they are all reminiscent, but granting that the choice of them or something equally direct was necessitated by the conditions of modern practice, clearly they have been used with a great deal of skill. Having adopted the Florentine palace as his type, the designer has had to struggle with the difficulty of harmonizing the traditional with the actual needs of his clients, in other words with making a six-story building look like one of three stories. Some persons may object that this is not exactly a task which the architect should impose upon himself, but these same persons must acknowledge that in the present reminiscent state of the art it is a difficulty which the designer can avoid only by encountering far greater difficulties. And in the University Club the task has been adroitly done. The intermediate stories, subordinate as a matter of fact, have been so cleverly suppressed that the building does announce itself in appearance as primarily one of only three stories. The mezzanine openings take their places rather as intervals between the seals than as windows functionally of more importance.

Akin to this problem of the stories is that of minimizing the height of the building and suppressing every appearance of the vertical. This has been successfully accomplished by means of the horizontal lines of the rusticated masonry, the unbroken string courses, the continuous rows of evenly spaced windows, the heavy cornice which slyly absorbs the openings of the top story. The architect's task was, we should judge, made rather more difficult by his choice of material—granite. No doubt it is due to this selection of so hard a stone that the building possesses a certain flatness of surface despite the attempt or more accurately because of the attempt at the contrary.

These, however, are not the details that will impress the passerby. He will recognize and appreciate the stateliness of the building, its large air and evident costliness. He may, too, if he be so far versed, appreciate a certain artistic refinement, preciseness of taste and composition which distinguishes all the work of the architects of the University Club.

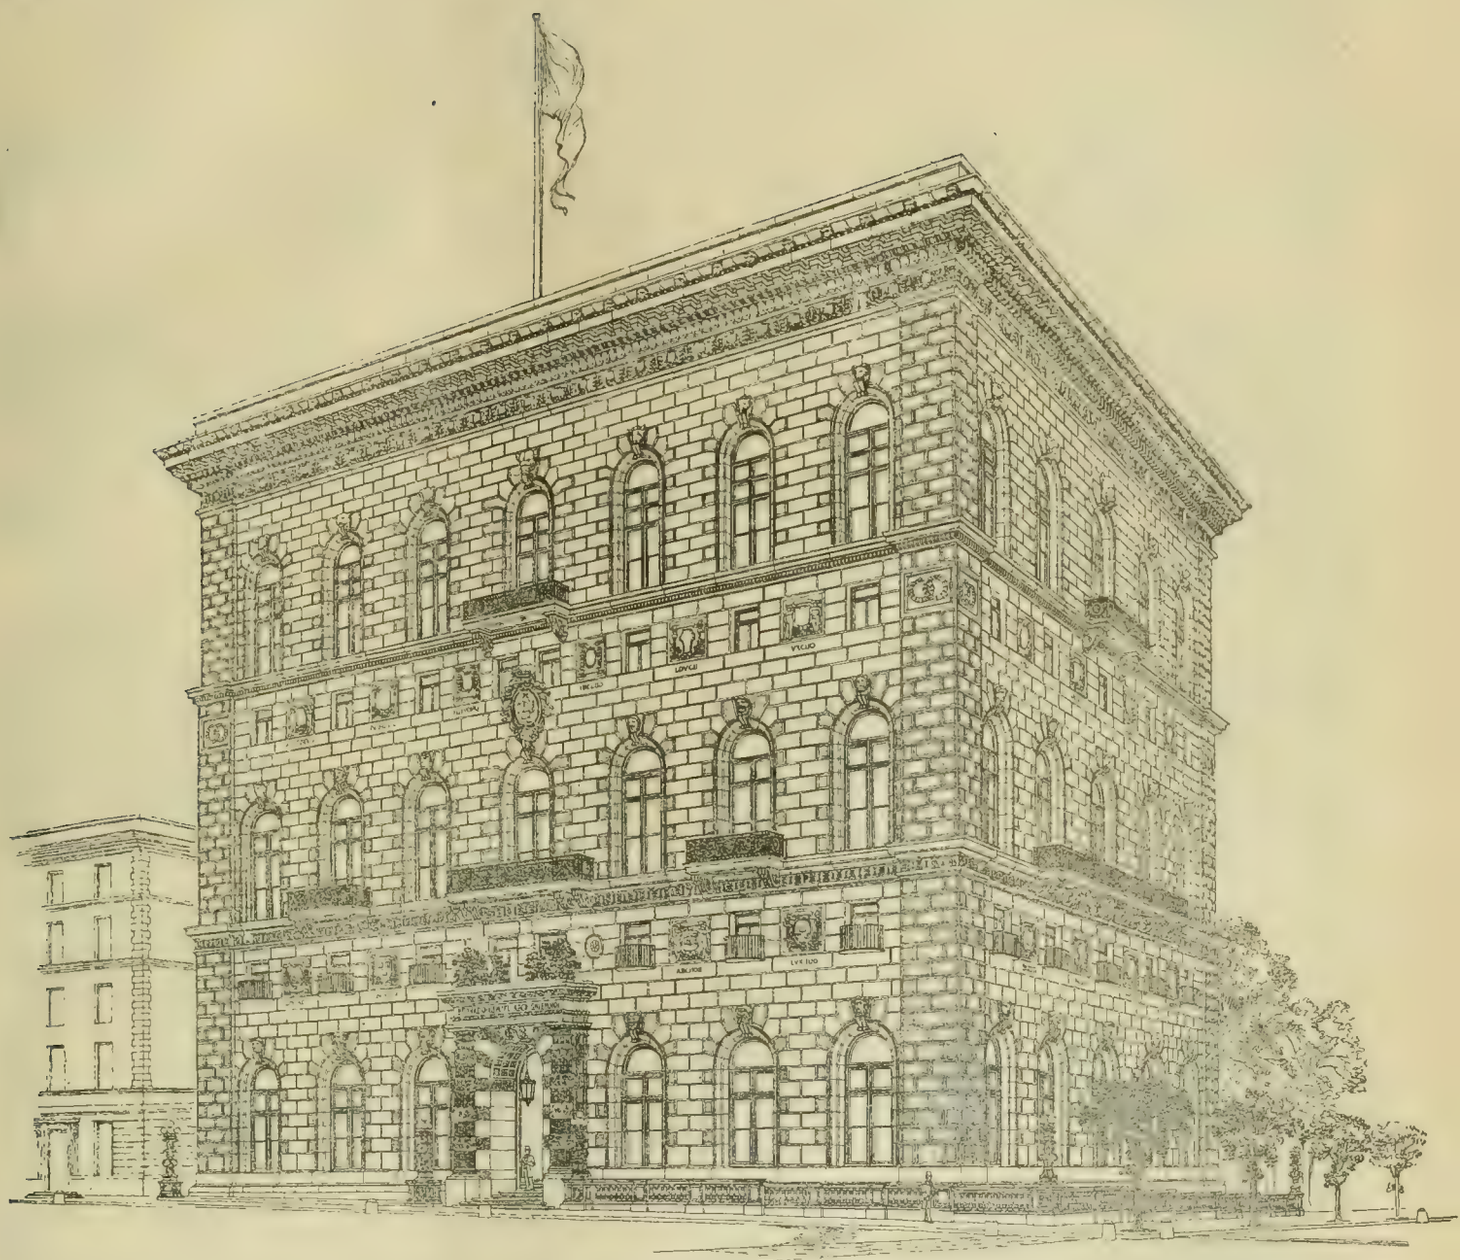
OUR ALBANY LETTER.

Albany, May 4.—Governor Roosevelt has not yet been able to learn precisely how many bills affecting the city of New York will be in his hands, but to-day some light was thrown on the matter by the receipt of a big bundle of bills from Mayor Van Wyck, some "accepted" by him and others "not approved." In the case of the latter the Mayor's disapproval acts in the nature of an absolute veto of the bill, since the Legislature is not here to be appealed to to pass the measure despite his disapproval of it. This is a feature of the Constitution which is becoming more and more prominent, and it has greatly increased the authority of the Mayors.

Just now the greatest measure passed in relation to New York city, the Rapid Transit act, appears to be in peril from this cause. If Mayor Van Wyck vetoes it no further legislative action regarding rapid transit is possible for six months unless Governor Roosevelt should call a special session to consider this subject, and then hold the Legislature in session long enough to receive Mayor Van Wyck's message on the measure sent to him—otherwise he would have the power again to kill it.

Mayor Van Wyck has formally notified Governor Roosevelt that he has disapproved the following bills, and they are therefore dead:

Assemblyman Finn's (Intro. No. 923) amending the charter provision in regard to the use of the stoop line for purposes of storage in the streets about the markets of New York.



Assemblyman Bulkley's (Intro. No. 964) giving the Park Department control of the growing trees and the authority to plant new ones in this city.

Assemblyman Wilson's (Intro. No. 946) in relation to the powers of commissioners of deeds.

Assemblyman Ball's (Intro. No. 291) appropriating $12,000 for the construction of a bridge over and across a mill pond in the 31st Ward of Brooklyn.

Assemblyman De Graw's (Intro. No. 1024) providing for the construction of lateral sewers on behalf of private owners.

The clerks of the Assembly sent to Mayor Van Wyck to-day

Assemblyman Phillips's bill (Intro. No. 1467) to lay out a public park in the 20th Ward of Manhattan.

There were also sent to Mayor Van Wyck the following Senate bills:

Senator Grady's (Intro. No. 162) providing for the purchase of more land for the East River Bridge.

Senator Elsberg's (Intro. No. 494) exempting from taxation certain real estate of the Academy of Design.

Senator Coffey's (Intro. No. 911) in relation to 4th avenue, Brooklyn.

Senator Mitchell's (Intro No. 271) in relation to the filing of claims for damages arising out of the depression of tracks in the 23d Ward.

Senator Wagner's (Intro. No. 577) to provide for the issue of street improvement assessment certificates.

Senator Mitchell's (Intro. No. 821) relating to the improvement of Lind avenue.

Senator Mitchell's (Intro. No. 985) in relation to the submission of evidence regarding claims for damages based on the change of the grades of streets in the 23d Ward.

Senator Grady's (Intro. No. 519) the speedway bill, which has already been vetoed by the Mayor.

Senator Grady's (Intro. No. 837) making the expense of removing snow and ice from sidewalks, when done by the city, a lien on property.

Senator Elsberg's (Intro. No. 493) in relation to the improvement of St. Nicholas Park.

Senator Mitchell's (Intro. No. 368) in regard to the payment of damages for the change of the grade of streets in the Bronx.

The Governor has signed Senator Mitchell's bill permitting the Long Island Railroad Company to depress its tracks on Atlantic avenue, Brooklyn, in order to connect them with the tunnel which it is proposed to build underneath the East River. The Governor also said he would sign the tunnel bill as soon as Mayor Van Wyck sent it to him.

The sale of the famous triangle at Broadway, 23d street and 5th avenue is a notable transaction from several points of view. The purchase of a business property by a prosperous concern, as the purchase of the corner of Broad street and Exchange place by Hallgarten & Co., has not been an infrequent occurrence of late. But the triangle was bought by a millionaire mine owner from the West, who parted with his money simply because of the attractiveness of the parcel as an investment for large capital, and his action suggests the idea that the economic influences which made this particular holding seem desirable for the purpose of investment are becoming manifest to men of means as regards Manhattan business property generally. The triangle was bought by Amos R. Eno in 1857 for $32,100. William P. Eno paid $690,000 for it at the second sale for his father's estate last month. The present price is variously given as $900,000 and $750,000. During the past ten years the average rental for the old 2 and 3-story buildings on the premises has been $42,000 per year. The buyer is Samuel Newhouse, of Denver and Salt Lake City, who will improve his purchase, although precisely what form the improvement will take remains to be determined. Two other sales significant of renewed activity are those of the northwest corner of Broadway and Chambers street and No. 34 Read street, details of which are given below. The dealing in uptown residential sites and in private houses continues to be spirited, even though the building season is pretty well advanced and although homeseekers are beginning to turn their attention to plans for the summer outing. Indeed, the week has been a very satisfactory one in the brokerage as well as the auction branch of the real estate market. A fact which can hardly fail to attract notice is the large increase in the number of mortgages and conveyances filed at the opening of the month compared with the corresponding time last year, and which serves as an ample justification of our editorial expression on current business about a month ago. The total number of transactions given below is 80, with considerations given in 16, and amounting to $2,080,450; corresponding figures for last week were 87, 17 and $1,282,000, respectively.

The leading events in the auction room were two sales of unimproved property in Bronx Borough, conducted by James L. Wells, one for the Port Morris Land and Improvement Company, the other for the estate of Josephine L. Peyton; and a sale of downtown business property, conducted by Peter F. Meyer, for the City of New York. Of the 58 lots belonging to the Port Morris Land and Improvement Company, only 24 were sold; the rest were withdrawn, without being put up. The failure of these lots to sell, except at a sacrifice, might have been foreseen, as recent experience in the aution room has demonstrated the absence of demand for vacant land in Bronx Borough outside the limits of the speculative building movement. Indeed, public sale was resorted to apparently only because the company have been unable to find a satisfactory market at private contract for their holdings at Port Morris, of which this week's offering was merely a part. That an active demand will sooner or later arise for Port Morris real estate is beyond question, in view of the steady growth of the manufacturing and shipping industries in that quarter. But the bidders in the auction room at the present time, being chiefly professional operators, look to immediate rather than distant profits. The sale for the estate of Josephine L. Peyton was one of the most brilliantly successful events of the season. The 132 parcels comprised in the offering lie in 3d avenue and adjacent streets and avenues, between 156th street and Tremont. As was the case at the Bathgate sale in January, the prices, considered in the average, marked an advance on previous quotations. Most of the buyers were building loan operators and speculative builders active in the district. Forty-five bids were elicited for the vacant lot on northwest corner of 3d avenue and 157th street, which sold for $14,100. The block bounded by West, Reade, Duane and Washington streets, sold by Peter F. Meyer for the city, went to Jarvis Hicks at $453,000, $28,000 above the upset price set by the controller. A representative of the Erie Railroad bid $452,500. The buyer is supposed to represent a corporation or syndicate. The price obtained was considerably over the highest estimate of professional real estate operators. The land was leased to the Erie Railroad in 1869, and the company for many years had their administrative offices in the 4-story building covering the West street frontage. When the company's new building opposite the way was completed the lease was sold to R. J. Dean & Co., a concern engaged in the storage business. In addition to the sales mentioned in the foregoing, there was an encouragingly large number of successful small voluntary auctions, withdrawals and adjournments, the Port Morris offering excepted, being relatively and absolutely fewer than for many weeks past.

William Kennelly will sell, by order of the Supreme Court, in partition, on Tuesday next, 9th inst., a number of dwellings on West 14th and 15th streets, and, to avoid partition action, three apartment houses on West End avenue, of all which particulars will be found in our business pages, and of which full details, with maps, etc., can be obtained of the auctioneer at No. 111 Broadway.

Richard V. Harnett will on Wednesday next, 10th inst., conduct at No. 111 Broadway, New York City, an important sale of lots and dwellings located on Hackensack Plank road, Pleasant avenue, and the Boulevard, Weehawken Heights, New Jersey. This property is especially suited for residences and cottages, as it commands superb water and land views. A trolley line runs direct to the New York ferries, the journey to 14th street occupying ten, and to other points correspondingly short periods of time. The terms include 70% on bond and mortgage at 5%. Particulars are given on another page and the auctioneer will supply maps, etc., at Nos. 71 and 73 Liberty street.

The sale by Wm. M. Ryan of the Tilden mansion in Gramercy Park on Wednesday next, 10th inst., will be an interesting event and attract a great deal of attention. The circumstances attending the erection of this building, the lavish expenditure made upon it, its extent and other attractions, not forgetting the interest attaching to the name of its builder, will all tend to make this occasion one of importance. Speculation as to the probable destination of this parcel and the influence its change of owners will have on Gramercy park and its neighborhood is also rife in interested realty circles. The property is a very important one, and ought to arouse competition and finally bring a good figure. For particulars see advertisement on another page, or consult the auctioneer at No. 149 Broadway, Singer Building.

Peter F. Meyer will conduct the auction sale of the New York Juvenile Asylum lots on Kingsbridge road, Wadsworth and 11th avenues, which is scheduled for Thursday next, 11 inst. There are 85 of these lots. Titles will be guaranteed by Lawyers' Title Insurance Co., and 70% of purchase money may remain on bond and mortgage for 1, 2 or 3 years at 4½ per cent. Property in live sections of the Bronx is in good demand, and there should be lively bidding at this sale. The same auctioneer announces for Wednesday, 17th inst., the sale of 591 building lots on 3d, 4th, 5th and 6th avenues, 61st, 62d, 63d and 64th streets, Brooklyn, belonging to the estate of William G. Langley, deceased, and

which are to be sold by order of the executors. Titles will be guaranteed free of charge by the Title Guarantee and Trust Co., and 70 at 5 % or 60 % at 4½ %, may remain on bond and mortgage. Book-maps and particulars can be had of J. F. Abrams & Son, 3d avenue and 49th street, Brooklyn; Dunning & Fowler, attorneys, No. 67 Wall street, and the auctioneer, who will also supply maps, etc., for the first mentioned sale at No. 111 Broadway.

Jere. Johnson, Jr., Co., as stated last week, will conduct the executors' sale on Tuesday next, 9th inst., to close the estate of John T. Martin, consisting of well-located lots in different parts of Brooklyn, and a stable on Columbia Heights, of which descriptions are given in our business pages. The terms of sale include 75% of purchase money on bond and mortgage, an unusually liberal amount, which could only be warranted by the improved outlook for Brooklyn real estate. The sale will take place at No. 189 Montague street, where the autioneers' Brooklyn office is; their New York address is No. 169 Broadway.

The extensive and available plot of lots on East 15th and 16th streets and Avenue C, offered for sale by John G. Folsom, of No. 14 Bible House, and announced in our business pages, is worthy the attention of investors, speculators and builders. It is an excellent factory site, and it may be divided. Mr. Folsom will furnish terms and further particulars to interested persons.

The week in Brooklyn realty has been one of continued activity in all classes of holdings, with private sales as the leading feature of the market. Values maintained good figures, but in spite of this fact sales are effected with little difficulty. There is a steady demand for the moderate priced house, and all in this class find ready purchasers. It is only in the case of the high-priced dwelling that the owner has to wait for a buyer. For the latter class of holdings brokers find few applicants compared to the number who desired houses of moderate value. In the auction rooms the week has been an active one, though the offerings have been largely limited to the regular judicial sales. On Tuesday the John Davidson property, consisting of vacant lots on 48th, 49th and 50th streets, between 7th and 8th avenues, was offered at the Real Estate Exchange. The prices realized were not high considering the liberal terms of sale. The highest figure obtained was $315 per lot for four lots each 20x100.4 on the north side of 49th street, 180 feet west of 8th avenue.

The stockholders of the Norton Point Land Company, at their annual meeting held recently, elected the following board of directors for the ensuing year: Cornelius Macardell, Calvin Tompkins, William P. Rae, Frank Jenks, David H. Valentine, Robert Maxwell, J. Lott Nostrand, J. Brooke Leavitt, Joseph C. Hendrix, George T. Knight, Thomas W. Lowell, Alrick H. Man, and Frank R. Moore. This company is developing Norton Point (Sea Gate) as a place of summer residence. The point is situated just west of Coney Island, and is reached from the business centre by trolley and by the special launch of the company running between the Point and the Battery.

The figures issued by the Building Department for the month of April last show that the building operations in this borough are considerably larger than they were a year ago. April of this year shows an increase of 160 new buildings and an increase of $900,000 estimated cost over the same month in 1898. The Commissioner of Buildings also states that there has been a corresponding improvement in the quality of the buildings. This point is of special importance as the builders in this borough have shown a tendency to flood the market with a low grade of houses.

Leonard Moody has gone to Maine for a vacation. His health has been poor of late, but this needed rest is expected to make him feel like himself again. He may stay away until October.

The Building Department has just issued a permit for the erection of a five-story brick business building on the Rothschild plot, northwest corner of Fulton and Jay streets.

A new Brooklyn company, called the Craigen Construction Company, has been organized to deal in real estate. Its capital stock is $16,000. The directors are John Hutton, James H. Strain and G. Malcolm Craigen, all of this borough.

The following officers have been re-elected by the Germania Real Estate and Improvement Company: President, Henry A. Meyer; vice-president, John F. Dreyer; secretary, Henry W. Dreyer; treasurer, A. W. Schmidt. The company makes the announcement that it will immediately develop the Lott and Partridge farms recently purchased by it.

The Brooklyn Development Company, which was lately organized to buy up and hold all available suburban property in

Brooklyn, has increased its capital stock from $350,000 to $2,000,000.

REAL ESTATE NOTES.

A hearing will be given by the Mayor on the Tunnel bill on Wednesday next at 11 a. m.

Samuel Spencer is the buyer of No. 31 West 52d street, the sale of which was reported in our issue of January 7.

Boehm & Coon are the buyers of the northwest corner of Washington place and Greene street, reported in our last issue.

Henry M. Ribeth was the broker in the sale of No. 1487 1st avenue, reported in our last issue. Leon Sobel was the buyer; price, $18,000.

Samuel Green, the well-known realty operator, removed his office from No. 202 Broadway to the Vincent Building, No. 302 Broadway, corner Duane street.

Frederick Ayer is the buyer of No. 599 Broadway, running through to No. 172 Mercer street, with L to Houston street, the sale of which was reported in our issue of April 15.

Samuel Green is the buyer of the plot, 201x95, on Lexington avenue, east side from 100th to 101st streets and 200x100 adjoining on 101st, the sale of which was reported in our last issue.

The price paid for the lot, 25x100, on 5th avenue, 76.8 south of 80th street, the sale of which was reported in our last issue, was $97,500. The lot adjoining it on the north was sold four weeks ago for $86,000.

Janpole & Werner, real estate operators, have removed to larger and better arranged offices on the third floor of the "Evening Post" Building, No. 206 Broadway. Their telephone call is 4501 Cortlandt.

Harry Chaffee has bought the plot, 75x80, at the southeast corner of Columbus avenue and 60th street, which John C. Barth took in trade for No. 288 West End avenue, the sale of which was reported in our issue of April 8.

The Court of Appeals, in the case of Albert J. Herter v. Jeremiah J. and Thomas Mullen, has decided that tenancy by holdover cannot be enforced when premises could not be vacated at end of term owing to sickness; the landlord was, however, entitled to rent for the period of occupation.

The Taxpayers' Alliance of the Borough of the Bronx, at a regular meeting held Wednesday evening last, expressed satisfaction at the transfer arrangement between the Third Avenue and Manhattan Elevated railroads, but decided that that was not enough and that the agitation for rapid transit must be continued.

John P. Kirwan negotiated the sales of the two 5-story single flats, Nos. 135 and 137 West 84 street, each 22x84x102.2, for the estate of Francis Morgan to Michael J. Shanley, of Shanley Brothers, the well-known restaurateurs. Mr. Kirwan also resold the adjoining flat, No. 133, size 22.3x102.2, which he recently purchased from the estate at auction.

Lionel Froehlich's Son sold the tenements, Nos. 168 and 170 Chrystie street, reported sold last week. The buyer is Louis Lese.

The Mela Realty Co., of the Borough of Manhattan, has been incorporated, with a capital of $200,000, to deal in real estate and to construct buildings. The incorporators are Ferdinand H. Mela, the well-known builder; Robert T. Lyons, architect, and Christian G. Norman.

The sale of Nos. 373 and 375 Broadway is the other end of a transaction, the first part of which was reported in our issue of April 1. At that time Nos. 258 and 260 5th avenue were reported sold to an investor for cash, title to both pieces passed this week, Mr. Corn taking title to the Broadway parcel and E. A. Hoffman to the 5th avenue parcel. When first reported it was said the deal involved $1,000,000.

THE WEST END ASSOCIATION.

The usual monthly meeting of the West End Association was held on Monday evening last, with Cyrus Clark, president, in the chair. The regular order of business was suspended to hear Mr. T. A. Fulton, secretary of the Amsterdam Avenue People's Committee, who stated that the committee needed about $5,000 to meet its obligations. On motion of Mr. Stabler it was resolved that the association request its members to subscribe individually, through its treasurer, to meet this need, and that the association itself appropriate $250 for this purpose. Mr. Thomas A. Fulton was elected an honorary member of the association. A resolution by Mr. McDonald was adopted thanking Senators Ford and Plunkitt, Assemblymen Mazet and Fallows, for their work during the past session, as was also one by Mr. Twyeffort thanking Gov. Roosevelt for his aid in the passage of the Amsterdam avenue bill.

The regular order of business being taken up, the Committee on Local Improvements reported that they had called on the Vice-President of the Manhattan Elevated R. R. Company, who expressed readiness to comply with all requests as far as possible. The adoption of electricity will obviate the necessity thereafter for using drip pans; the company was willing to place additional stairways at 66th, 93d and 104th streets when consents of property owners are given, and it would accept the help of this association to procure them if it cannot get them itself. In the matter of asphalting Broadway, 110th to 126th street, the Commissioner of Highways promised as soon as the necessary bond appropriation was made to asphalt the west side from 110th to 119th street; that was the best that could be promised at present.

The Committee on Legislation, Law and Schools reported the passage of the Amsterdam avenue four-track bill, the defeat of the Riverside Drive Park dump bill and the preparation of an ordinance providing that drivers on all delivery wagons must be 18 years of age. On motion of J. L. Brower the chair was authorized to appoint a committee of five to try to prevent delay in installing the trolley system on Broadway. On motion the Commissioner of Highways was requested to repair the sidewalk on the east side of Columbus avenue, between 82d and 83d streets. The matter of electric lights, drinking fountain and letter box at 59th street circle was referred to the Committee on Local Improvements. The matter of the mail service in this district was referred to the Grievance Committee. A report in the matter of the Real Estate Board of Brokers' Committee on Tax Laws was presented and filed.

Henry R. Goodnow, No. 95 Riverside Drive; Frank K. Kohler, No. 218 Broadway; Egbert Burtch Seaman, Jr., No. 173 West 89th street, were elected members of the association. The resignation of Charles T. Barney was presented, but no action was taken upon it.

CLOSING OF THE TAX BOOKS.

On Monday the tax books were closed to the public after having been open for examination and correction since the middle of January. Until the books are made up and presented to the Municipal Assembly on the first Monday in July the totals of the assessed valuation, the tax rate, etc., will not be definitely known. About 4,000 applications for reduction on realty were received from Manhattan Borough, against 1,200 from Manhattan and Bronx together last year. It is said that a considerable share of this increase in applications is due to a larger activity on the part of solicitors who claim to have a political pull with the Tax Department.

At Wednesday's meeting of the Board of Estimate Controller Coler reported that the city's share of the revenues from excise taxes this year amount to $3,600,000, which will go into the general fund for lessening the amount of taxes to be raised. He also reported that there were $1,356,786.57 of unexpended bal-

ances, which were transferred to the general fund on the Controller's motion. With these additions the general fund for this year will amount to $9,000,000, or $2,000,000 more than had been anticipated by the Board of Estimate. The total amount to be raised by taxation, according to the budget for 1899, is $93,000,000, and the $9,000,000 in the general fund will in all likelihood, it is said, keep the tax rate down to about 2.50.

THE PEYTON REAL ESTATE SALE.

To the Editor of THE RECORD AND GUIDE:

Mr. Sylvester Pope, Mr. William L. Condit and Edward P. Schell, Esq., the executors and trustees of the estate of Josephine L. Peyton, deceased, desire me to write to you and say for them in regard to the sale of May 4th, 1899, "that the estate had nobody to protect the sale in any way; that nobody was present on behalf of the estate, to either start the bidding or to do any bidding of any kind during the entire sale; that the auctioneer had instructions to sell every piece that was put up for sale; that nobody interested in the sale had either bid upon a single lot or purchased a lot at the sale; that the entire sale went to real estate operators and investors; that the public understood that from the beginning, and the result was that the property brought the market value in almost every instance."

Yours truly, JAMES L. WELLS.

New York, May 5th, 1899.

CONCERNING REAL ESTATE AGENTS AND BROKERS.

J. E. Briggs, who for over ten years has made the sale, rental and management of West Side real estate his specialty, has for the greater convenience of a growing clientele removed to larger and more accessible quarters. Mr. Briggs has leased the entire building, No. 432 Columbus avenue, adjoining the southwest corner of 81st street and "L" station, and occupies the store on the ground floor with enlarged facilities for the prompt dispatch of business. His telephone call is 255 Riverside.

Preuss & Gless is the name of a new firm who have opened a handsome office at No. 2750 Broadway, between 105th and 106th streets, for the transaction of a general real estate business, including the sale, rental and management of property and the placing of mortgage loans and insurance. Mr. Wm. Preuss, Jr., and A. J. Gless, who comprise the firm, are experienced workers in realty circles, and have already closed sales of parcels on East 34th street to G. L. Lawrence and a house on Morris avenue. Their office is in a district which is now the scene of much activity in the way of building and selling.

M. Bargebuhr has removed his office from No. 1450 Fifth avenue to No. 1449 Fifth avenue, between 118th and 119th streets. Mr. Bargebuhr is exceedingly well posted on properties and values in the district north of Central Park.

Jesse C. Bennett & Co., of Columbus avenue and 76th street and Amsterdam avenue and 146th street, have opened a third office at 2731 Broadway, near 105th street, for the greater convenience of their many customers.

Joseph Mead announces that he has removed his offices to the first floor of No. 363 Fulton street, Brooklyn, where increased facilities and the control of several trust funds will enable him to better serve clients desiring loans or the transaction of other business connected with a general real estate office. As before, the sale and exchange departments will be managed by P. L. Thompson, who has been with Mr. Mead for a number of years. Business placed in this office will receive the personal and able attention of the proprietor.

Thomas Kelly, who makes a specialty of Bronx Borough property, and whose office is at 2082 Lexington avenue, has a special inducement to offer, as appears in our advertising columns.

Katz & Co., real estate agents and brokers, have removed their main office from No. 102 East Broadway to their own building, No. 114 East Broadway, which they have altered extensively and in it filled up handsome and commodious offices to accommodate their large business. The down-town office of the firm has been removed from No. 60 Liberty street to the German-American Building, No. 35 Nassau street.

The most recent addition to the real estate brokerage firms in this city is that of Foley & Sniffen, whose offices are located in the Singer Building, No. 149 Broadway, Room 613. The members of the firm are John R. Foley and Elisha Sniffin. The first-named is well and favorably known throughout the real estate world as a successful broker, he having, while connected with his father in business and after the death of the latter when in business for himself, made many sales of very large magnitude. In fact, for one so young in years, his accomplishments were considered unusual. When the call was made by the government for volunteers, owing to our late unpleasantness with Spain, Mr. Foley was one of the early ones to respond, and joined the 201st N. Y. Volunteer Infantry, where he attained the rank of First Lieutenant. Now that the regiment has been mustered out of service, he is once more in the field for active work at the business with which he is so well acquainted. His many friends will be glad to see him once more, and that he has the heartiest wishes for his future success from them goes without saying. His partner, Mr. Elisha Sniffin, is like himself, young in years, and has been for several years prominently identified in mercantile pursuits. He, like Mr. Foley, has a legion of substantial friends, and as both are energetic and desirous of attaining front rank in their line of business, it seems as though they must be assured of a success commensurate with their anticipations. They will conduct a general real estate business, with special departments devoted to mortgage loans and fire insurance. They have telephone connection.

A NEW NATIONAL ASSOCIATION.

The Tile, Grate and Mantel Association of New York gave a sumptuous banquet at the Hotel Savoy on Thursday evening last to celebrate the formation of a National Tile, Grate and Mantel Association. Between 60 and 70 gentlemen who had been engaged during the week in creating the National Association sat down at tables, tastefully decorated with roses and ribbons. The menu was in the highest style of the Savoy, and a select band provided music at intervals. The affair was most successful and was most highly appreciated by the visiting tile, grate and mantel men who were the guests of the home association. Naturally the addresses, which were delivered at intervals, had reference to the good work just completed. Charles J. Bogert, the secretary of the new association, acted as toastmaster, and Alonzo E. Conover, its president, presided and took occasion to thank the association for the honor they had done him by trusting their affairs to his guidance. W. S. Nichols, president of the New York Tile, Grate and Mantel Association, outlined the aims of the new association. He said the purpose was to bring about closer interests, to demonstrate to manufacturers the advantages of dealing with reputable firms, thus preventing the dangerous, unsatisfactory work now done by men having no regard for anything but to turn out the cheapest job; to bring about more uniform methods of conducting the business. The attainment of these aims would make dealers able to meet the requirements of architects and other customers in a more satisfactory manner. He said there was now and would be no attempt to boost prices.

Mr. Ballantine afforded much amusement by his witty stories and comical impersonations. The company also greatly appreciated the songs of Mr. Quin and Mr. Rand. The committee in charge of the arrangements, to whom is due their success, consisted of Charles J. Bogert, Alonzo E. Conover and Bernard P. Traitel, who certainly deserved high praise for the tasteful and satisfactory manner in which they arranged every detail.

Associations and dealers of twenty-eight cities were represented from all parts of the United States. Among those present were Mr. Shaw, of the Murdock Parlor Grate, Boston; Mr. Dawson, of Chicago; Mr. Crafts, of Philadelphia; Mr. Culkins, of the National Tile Mosaic Co., Baltimore; Mr. Aiken, of Pittsburg; Mr. Collings, of Cleveland; Mr. Barry, of Washington; Mr. Rand, of Bridgeport; Mr. Kimball, of Worcester; Mr. Emerson, of Troy; Mr. Loomis, of Syracuse; of New York, Messrs. Traitel, Conover, Nichols, and many others.

TRADE NOTES.

MAKING READY FOR SKYSCRAPERS.

Contracts for razing the Hillen Building, on the northwest corner of Broadway and Chambers streets, and buildings on the easterly block front on State street from Pearl to Bridge streets, are being executed by the Candee & Krekeler Company, of Hamilton avenue and 15th street, Brooklyn, who are experienced and expert contractors in this line. They have for sale excellent building material at both locations. Skyscrapers will be erected by the George A. Fuller Company, building contractors, of No. 160 5th avenue, on the sites mentioned. The Broadway corner after plans by Architect Cass Gilbert, of Minneapolis, and the State street front from plans by Clinton & Russell.

THE LARGEST ORDER FOR OFFICE RAILINGS.

In another column the Manhattan Brass Co. show some interesting designs, with prices of bronze railings and gates for offices and general purposes. The prices are particularly worthy of attention and ought to interest many of our readers who at this time of the year are in one way or another connected with the furnishing of new offices. The Manhattan Brass Co. are the largest concern in their line and possess extraordinary facilities. During the past week they shipped to Havana the bronze work for the offices of the banking house of Zaldo & Co., and only recently they completed 250 lineal feet of bronze railings, etc., for the new offices of the Preferred Accident Insurance Co. in the Dun Building—the largest number of lineal feet of railing ever put into an office in this city. The Manhattan Brass Co. give the same prompt and careful attention to small as to large orders, and will be glad to furnish estimates, designs and other information upon application. Telephone, 3740 38th St. Offices, 338 East 28th St.

Bind your copies of the "Record and Guide." They are invaluable for search and reference. The Building Trades

BUILDING MATERIAL MARKET.

BRICK.—Up to Thursday night the arrivals of Hudson Rivers were only 42 barges. Old brick are pretty well used up, and strikes are impeding the manufacture of new. Prices are firm at $5.75@6.00 for common and $6.25 for specials. There is a good demand for Jersey brick; New York and New Jersey side cuts sell for $7.00.

LIME.—There have been no arrivals of Rockland, and the shipments are light. Boston and other centres are now absorbing large supplies, and leaving little surplus for the Metropolitan market. Common is 80@85c. per bbl.; finishing, 90@95c. State and Jointa are enjoying a good demand at 70@75c. and 90c. respectively.

CEMENT.—Dealers report very firm prices. The supply, owing to the demand from all parts of the country, is almost cleaned up, and shipments are being made as fast as possible. Rosendale is 80@95c. per bbl., and an advance to $1.00 is probable. Portland is $2.00@2.10 per bbl.

LATH.—The arrivals for this week are still small, about 5,000,000, which sold at $2.40@2.50. With such small shipments of spruce lath prices would rise much higher, were the demand not met by small holdings gleaned from various sources. By the time these are exhausted the mills should be cutting more. Pine lath sell at about $2.25.

LUMBER.—Although the demand for all kinds of lumber shows no sign of abating dealers have become more accustomed to the new conditions, and every spring by which the supply can be increased has been set in motion. The worst feature of the situation is the necessity for using lumber which is but poorly seasoned. Yellow pine dealers have formed a combination to eradicate certain evils which have crept into the trade, but competition and prices will not be affected. In a few weeks shipments of lumber via the "Soo" should ease off prices, but no dealer expects a real decline. Hemlock has recorded another advance. This wood grows steadily into favor and is taking the place of pine for many purposes.

NAILS.—Cut nails have not advanced recently as in the case of wire nails. The odds and ends used in the manufacture of the former make them slower to respond to advances of the iron market. Exports are heavy, large shipments being made to the Orient. Cut nails are $1.75 for carload lots, jobbers, f. o. b. mill, Pittsburg base; less than carload lots, $1.80; to others than jobbers, $1.80 and $1.95. Small lots from store, $2.10. Wire nails are $2.20 for car lots, f. o. b. mill, Pittsburg base; $2.35 on dock New York, and $2.60 for small lots out of store.

GLASS.—American window glass sells at 80, 20, and 5% off. French is 80 and 10%. Plate is 80%. The outlook for the continuation of the prevailing good conditions is favorable.

NAVAL STORES.—Offerings of spirits are more liberal and prices easier. A slight falling off in Savannah prices contributed to this result; 44c. is asked for Southerns and 44½c. for machines. Tar is $1.80@1.85 for regulars and $3.32½@3.37½ for oil barrels; pitch brings $1.65@1.70.

COAL TAR PRODUCTS.—Prices, f. o. b. New York, to jobbers only: Tar, $4.50@5.00 per bbl. of 50 gallons; pitch, $2.24@2.50 per cement bbl.; tarred roofing felt, $35.00@40.00 per ton.

OIL.—City brands are 49c. for 5-bbl. lots or more, and 50c. for smaller quantities, with an advance of 2c. per gallon for boiled. Western brands are 47c. and 48c.; Calcutta, 58c. The low price of the by products, cake and meal, at this time of year keeps the price of linseed high in comparison.

LEAD.—No change from the prices last quoted by the National Lead Co. has occurred, but if the price of pig lead continues to rise an advance must be made. The volume of business is exceptionally large.

DWELLINGS.

Riverside drive, between 107th and 108th sts. R. D. Kohn, 965 5th av, will be the architect for the two 5-sty and American basement residences to be erected here on the site bought last week by Adolph Openhyme and Smith & Stewart. As noted then, Smith & Stewart, 459 Western Boulevard, are the builders for both houses, the details of which have not been determined.

106th st, north side, 100 feet east of Riverside drive, lot 83x100.11. This parcel, which has been purchased by the builder, Joseph A. Farley, 967 Boulevard, adjoins a plot, 92x100.11, which he bought last March. Mr. Farley will erect four 23-foot, two 22-foot, one 20-foot and one 19-foot private houses, which will occupy the block with the exception of the Broadway and Riverside corner. His architects have been Janes & Leo, 765 Boulevard.

ALTERATIONS.

Broadway, 27th st and 5th av. Hill & Turner, 150 5th av, have been commissioned to draw plans for remodeling and modernizing the Victoria Hotel, owned by the Paren Stevens estate. The building will be made fireproof, there will be a cafe and restaurant on the ground floor, and in the upper floors apartments of one and two rooms and bath will predominate. Special suites, already leased, are being designed for four well-known financial men. The alterations will cost about $150,000. The name of the lessee of the hotel is withheld. James Breslin, of the Gilsey House, for a time last year negotiated for the Victoria, but those negotiations were definitely abandoned.

8th st, No. 24 West, extension to 2-sty brick factory, 24x43; cost, $3,000; A. J. Murray, owner; Pitthan & Co., 99 6th av, lessee; John Bagley Day, 1133 Broadway, architect.

52d st, No. 31 West, alterations to 4-sty and basement brick and stone dwelling; James Brown Lord, 160 5th av, architect.

61st st, north side, between 1st and 2d avs, R. C. Church of Our Lady of Perpetual Help, Rev. Augustine Dooper, pastor, 323 East 61st st. Alterations will consist of new front and extension 5 feet to building line. Nothing will be done until June 1st.

Delancey st, No. 254, alteration of a tenement to a ball and dancing hall. Alterations will consist of changing the entire interior. M. Fish, 40 Columbia st, owner; Otto L. Stannake, 315 Madison av, architect.

5th av, between 34th and 35th sts. It is reported that George C. Boldt, of the Waldorf-Astoria, will make an extensive alteration to this hotel by building up the Waldorf, making it equal to the newer portion of the building, the Astoria. Nothing definite has been decided upon, and the work will not be started until after Mr. Boldt has returned from his vacation.

ESTIMATES RECEIVABLE.

By the Department of Public Charities, foot of East 26th street, until 12 m., May 8th, for erecting a hospital building on Randall's Island.

By the Department of Parks, Arsenal Building, Central Park, until 11 a. m., May 11th, for excavation at Red Hook Park.

By the Supervising Architect, Treasury Department, Washington, D. C., until 2 p. m., May 25th, for the construction (except heating apparatus and laundry machinery) of the Boiler House, Isolation Ward, &c, for the U. S. Marine Hospital at Chicago, Ill., in accordance with the drawings and specification, copies of which may be had on application at the Washington office or the office of the Custodian at Chicago, Ill.

BIDS RECEIVED.

By the Park Department, for the removal of the 42d street reservoir and other work in the 19th Ward, Manhattan. Bids were on four sections, which may be accepted or rejected separately. As there have been some misunderstandings, and as it is rather difficult to comprehend the application of the special act dealing with the matter, a readvertisement for bids is talked of. On the four sections bids were as follows:

CONVEYANCES.

Whenever the letters Q. C., C. a. G. and B. & S. occur, preceded by the name of the grantee, they mean as follows:

1st.—Q. C. is an abbreviation for Quit Claim deed, i. e., a deed wherein all the right, title, and interest of the grantor is conveyed, omitting all covenants or warranty.

2d.—C. a. G. means a deed containing Covenant against Grantor only, in which he covenants that he hath not done any act whereby the estate conveyed can be impeached, charged or encumbered.

3d.—B. & S. is an abbreviation for Bargain and Sale deed, wherein, although the seller makes no express covenants, he really grants or conveys the property for a valuable consideration, and thus impliedly claims to be the owner of it. The street and avenue numbers given in these lists are, in all cases, taken from the Insurance maps when they are not mentioned in the deeds. The numbers, it will occasionally be found, do not correspond with the existing ones, owing to there having been no official designation made of them by the Department of Public Works.

4th.—The first date is the date the deed was drawn. The second date is the date of filing same. When both dates are the same, only one is given.

5th.—The figures in each Convenance, thus 2 : 482, denotes that the property is in section 2 block 482.

6th.—Subscribers will find Conveyances in this list with the wrong block No. attached. The block No. we give is taken from the instrument as filed.

MORTGAGES.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

When the letters "P. M." occur, preceded by the name of a street, in these lists of mortgages, they mean that it is a Purchase Money mortgage, and for fuller particulars see the list of transfers under the corresponding date.

The first date is the date the Mort is drawn, the second the date of filing, when both dates are the same only one is given.

Subscribers will find Mortgages in this list with the wrong block No. attached. The block No. we give is taken from the instrument as filed.

Mortgages against 23d and 24th Ward property will be found altogether at the foot of this list.

April 28, 29, May 1, 2, 3.

PROJECTED BUILDINGS.

THE LAWS AFFECTING BUILDING.

There has not been any book on the market containing all the laws and regulations relating to building in New York City; yet the need of such a volume is plain enough, because a building from its foundation to its final demolition is subject not only to the building law, but to special regulations of the building department concerning passenger elevators, fire-escapes, light and ventilation and plumbing. There is also a law limiting the height of dwelling houses and another requiring temporary flooring. There are the tenement house and lodging house laws, laws relating to the extinction and prevention of fires and explosives, and the storing of combustible materials in buildings. Moreover, there are very important fire department regulations which must be observed in the installation of electrical apparatus, and there are, of course, all the regulations of the department of public works concerning Croton water rates and the use of water, the opening and refilling of trenches and restoring of street pavements; in addition to ordinances pertaining to the inspection of steam boilers. The architect, builder, building material man and real estate owner must be familiar with these laws and regulations; if he is not, he suffers. They are now all gathered together (with a directory of architects for the first time in one volume, illustrated, indexed and supplied for $2.50. Record and Guide, Publishers, 14 and 16 Vesey street.

The first name is that of the owner; ar't stands for architect; m'n for mason; c'r for carpenter, and b'r for builder.

JUDGMENTS.

In these lists of Judgments the names alphabetically arranged, and which are first on each line, are those of the judgment debtor. The letter (D) means judgment for deficiency; (*) means not summoned; (†) signifies that the first name is fictitious, real name being unknown. Judgments entered during the week and satisfied before the day of publication, do not appear in this column, but in list of Satsified Judgments.

Questions and Answers.

RECORDING CONVEYANCE.

To the Editor of THE RECORD AND GUIDE:

Kindly let me have your answer to the following: A, who is part owner in a piece of property, borrows money from B. B, to secure same, takes a mortgage from A, which he has recorded, and title examined and found to be all right. Now, supposing A has made any instrument (such as a deed or mortgage) previous to B's instrument, but the holders of which did not have recorded, which could claim first, B or the others?

Answer.—B.—Law Editor.

BROKERAGE.

To the Editor of THE RECORD AND GUIDE:

My name is J. I have a friend named O. He desired to go into a building operation some time ago, and told me to look him up something good. I got it, he liked it, and I got a speculator or building loan man named H to buy it for him, and give him a loan. He paid me the brokerage on the resale. This contract is closed in due time, and everything goes off very pleasantly, and H gets all his money back and a fat bonus besides. Now O goes back to the same office of H and buys another piece with a loan. Now my questions I ask: (1) Is J entitled to his commission of 1 per cent. in procuring the first building loan for O? (2) And is J entitled to 1 per cent. on any property Mr. H. might sell to O after the first transaction; O being J's client. (3) And is O indebted to J for his brokerage on the second transaction? (4) J, in the course of this first transaction, introduced O to an attorney who represented H in all these matters. O borrows on bond and mortgage five thousand dollars from this attorney; does O owe J any brokerage in this matter?

Answer.—(1) It appears that J was paid. (2) No. (3) No. (4) No.—Law Editor.

AGENTS' COMMISSION.

To the Editor of THE RECORD AND GUIDE:

What do you consider the commissions to be, according to the Rules of the Exchange, on a sublease in N. Y. City, as follows: (1) 1 year 3½ mos. at $10,801.09 to Jan. 1, 1900; (2) Renewal from Jan. 1, 1900, 2 yrs. 4 mos. at $7,000 per year, and taxes to May 1, 1902; (3) Renewal from May 1, 1902, 1 yr. at $7,000, and taxes to May 1, 1903; (4) Renewal from May 1, 1903, 21 years at $2,000, and ground rent and taxes to May 1, 1924, with option to purchase leasehold at $30,000. The ground lease bears rent at $5,000 per annum and taxes till 1903, and has a 21-year renewal at 5% then appraised value of land and taxes, at the end of which renewal the lessee may remove the building.

Answer.—We think this is covered by the rule: "Leasing for a term of three years and upward, on gross rental, except by special agreement, 1%.—Editor, Record and Guide.

SMALL PARKS—LANDLORD AND TENANT.

To the Editor of THE RECORD AND GUIDE:

In your issue of January 1st, 1898, you announce (as was stated in public press of December): "Another small park," bounded by Worth, Park and Baxter streets. Also in your issue of September 10th, '98: "Acquiring Park Site," and commissioners to be asked for September 15th. September 2d Corporation Counsel had notices posted on all the buildings, stating that it was re-

corded in the County Clerk's office, December 27th, and Department of Parks, December 28th, and on 15th of September he would make application to the Supreme Court for Commissioners of Estimate and so forth. In December, '97, when the newspapers first announced it, the tenants and others around the place imagined the buildings would be torn down in a few months; but when they were beginning to forget about it, till suddenly September 2d, when the bills were stuck on all the houses and even on plate glass store doors they thought the houses would be torn down before end of month, and they did not want to pay the September rent. I had to promise before a witness to some of them before they paid that if they were disturbed I would return the money and a couple of dollars of a bonus besides. Tenants will not take stores and basements without a lease of three or five years. If I give a lease for that time without a condition in it, and the city to take the land, could not the tenant or lessee hold me for damages? Is the city making any progress in the matter?

Answer.—The city moved for the appointment of Commissioners of Estimate and Assessment, in September, 1898, but the Court has not yet made the appointment. The title to the land does not vest in the city until the confirmation of the report of the commissioners. It would be well for you not to give leases except upon the condition that the same terminate when the city takes possession of the property.—Law Editor.

PERSONAL TAXES.

To the Editor of THE RECORD AND GUIDE:

Will you kindly advise me whether or not a person, in order to have his personal taxes reduced, can use as an offset, mortgages on real estate owned by him, which mortgages, however, were executed by a dummy?

Answer.—He cannot.- Law Editor.

LANDLORD AND TENANT.

To the Editor of THE RECORD AND GUIDE:

I have a tenant occupying a house, and paying monthly in advance. Have a prospective buyer, but tenant will not permit him to enter and look over the house; tenant has no lease. Can I compel him to allow the buyer to inspect the property?

Answer.—No.—Law Editor.

To the Editor of THE RECORD AND GUIDE:

A hires a loft from B at a stipulated price per month (no lease). On the 3d of April B notified A that he should want an increased rent after the expiration of the month of April, as he could get the increase from other parties. Has A any right to remain?

Answer.—A must pay the increased rent or he can be put out on the 1st of May.—Law Editor.

STAMP TAX.

To the Editor of THE RECORD AND GUIDE:

Does a contract between an owner and a builder require a war tax stamp?

Answer.—No.—Law Editor.

To the Editor of THE RECORD AND GUIDE:

Will you kindly inform me if a revenue stamp is necessary on rent receipt of the following description: "Long Island City, N. Y., ——— —, 189-. Received from ——— ——— Dollars, ——— rent of ——— for —— month ending ——— —, 189-. ——— Dollars. ———, Agents."?

Answer.—No.—Law Editor.

To the Editor of THE RECORD AND GUIDE:

If the stamping of a lease is omitted at the time of the execution, and if a stamp is immediately after affixed to the copy retained by the landlord, does the fact that there is no stamp on the copy held by the tenant invalidate the contract?

Answer.—No.—Law Editor.

PARTY WALL.

To the Editor of THE RECORD AND GUIDE:

A and B own adjoining dwellings, with a 12-inch party wall between. B builds a seven-story apartment house on his lot, and in so doing lines the party wall on his own side, tying said lining in with anchors, and he also raises the 12-inch wall to the required height on the party line. A then wishes to build a similar apartment house on his lot. Has A any legal rights to the use of the full thickness in the party wall as lined?

Answer.—No. He is only entitled to the use of one-half of the party wall as originally constructed.—Law Editor.

MORTGAGES.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headlines are the dates when the mortgage was handed into the Register's Office to be recorded. Whenever the letters "P. M." occur, preceded by the name of a street, in these lists of mortgages, they mean that it is a Purchase Money mortgage, and for fuller particulars see the list of transfers under the corresponding date. Whenever the rate is not given, read as 6 per cent.

LIFE *Hangs on a Rivet.*

A rusted rivet may cause the destruction of a modern building, or a railroad bridge. Do you realize the necessity of keeping the iron free from rust? Linseed oil paint will not do it. Dried linseed oil is permeable to moisture. Paint may remain intact and rust go on beneath it. There is but one way to prevent rust. Coat the iron with a skin that will absolutely keep moisture out.

DURABLE METAL COATING

Is an elastic varnish, especially prepared for use on structural iron. It costs but little more than paint, and the building is safe. Pamphlet free for the asking.

A NEW PAINT.

The firm of Toch Brothers, whose advertisement appears on page 871, is one of the oldest paint houses in the City of New York, the business having been established in 1848 by the father of the gentlemen who now conduct it. Anyone who uses paints or colors of any kind knows this house and knows its reputation for fair dealing. Their colors have been used in many of the prominent buildings that now adorn the city, such as the Waldorf-Astoria Hotel, the residence of Cornelius Vanderbilt and many others. The Toch Brothers are now placing on the market what is called "R. I. W. Damp Resisting Paint." This wonderful material, it is thought, will revolutionize the building trade. Walls may be painted on the inside, the plaster applied right on top of the paint, and it adheres as firmly as a rock, thus doing away with lathing and furring. On the iron work it forms a positive preventative against rust. The hotel being erected by the Burns' Estate, at 45th street and Fifth avenue, has the iron beams that are below the surface of the ground painted with this paint, as well as the back of the limestone and marble, in order to prevent staining. The Clara de Hirsch Home, on East 63d street, has its walls coated with this paint and plaster applied directly on said paint. The work speaks for itself.

* * *

Mr. L. K. Prince, of the Prince & Kinkel Iron Works, says: "We are busy filling numerous orders for beams and ornamental work." The firm always carry in stock steel beams of all sizes, a feature which commends itself to contractors and builders, who, through Prince & Kinkel, are enabled to go ahead with work which would be otherwise delayed.

OFTEN UNCONSIDERED, BUT NEVERTHELESS IMPORTANT.

Space in factories is valuable. The time of employees is likewise valuable, and if a moment can be saved on things which are frequently done in the course of a day, the net result during a year amounts to quite a number of hours. For example, if there are a number of doors which swing only one way, time is wasted in stopping to pull the door open, leaving only one hand free for carrying anything, whereas, if double acting "Bommer" Spring Hinges were used, a mere push with the foot would suffice to open the door when coming or going in either direction, leaving both hands for carrying, thus saving time of employees who have occasion to pass from one room to another. "Bommer" Hinges are made of steel, either japanned or plated. They are extremely durable and reasonable in price. They avoid danger in case of panics, as the doors will open whichever way the crowd pushes against them. The World's Fair Award of 1893 says they are "Practically Unbreakable," and these hinges received the Gold Medal Award at the Omaha Exposition in 1898. They can be obtained from all hardware dealers. Bommer Brothers, Manufacturers, Nos. 257 to 271 Classon avenue, Brooklyn, N. Y

Vol. LXIII. MAY 13, 1899. No. 1,626.

A SIMPLE demonstration explains the situation on the stock market. The recent and unprecedented rise in prices took its excuse from the removal of danger to our currency, the bountiful harvest at home simultaneously with crop failures elsewhere, and consequent high prices for grain; our large exports accompanying small imports, and creating a colossal balance in our favor, and finally the revival of business activity all over the country. The question now is to what extent these factors remain to support prices. While the condition of the currency is not satisfactory no danger is apprehended from that source. Business is not only good but growing, and in some directions our foreign trade, particularly of manufactured goods, is likely to increase. These are what may be called the permanent bull factors. On the other hand our agricultural competitors are again in the market, and our own crop prospects are not anything like what we wish them to be; nor are grain prices as good as they were. We are buying more abroad than we did, and as our industries increase must buy more. These things to a very considerable extent mitigate the benefits we will receive from our permanent factors. While we have much to be thankful for, everything is not going our way as it did for two years, and in our opinion the elements of the situation that favor us are insufficient to maintain the speculative view that has hitherto prevailed; or, in other words, that the liquidation so far forced has been insufficient to discount the change in the situation or to bring about that equation between speculative and intrinsic values that is made from time to time under the mechanical operations of the market. The outlook is encouraging enough to warrant confidence in good paying issues and to prevent the others from sinking to levels reached in times of despondency; but there is such a difference between high quotations and the low records of the comparatively recent past that in view of the changes in the situation just pointed out the movement to lessen this distance has not by any means been fully worked out.

THE money situation in Europe is somewhat mixed, though on the whole improved. In Berlin the week has seen a reduction of the bank rate, and in London an adherence to a moderately high rate accompanied by a weak statement and indications of an increased demand for internal trade. The easier condition of the Berlin market ought to give satisfaction, because it removes fears of stringency which were prevalent until lately. One reason for the change is that this market has not participated in any foreign government loans this year, while last year much German money went into Chinese and Russian loans. Continued speculation in industrial shares, however, is giving cause for alarm, though the industrial situation continues to be excellent. Work upon an underground railroad to traverse the centre of Paris from east to west for a distance of nine miles, which was begun some time ago, it is expected, will be completed in time to permit the use of the railroad in the Exposition year. The motive power is to be electricity. A foreign exchange, speaking of the financial situation at Vienna, says: "No money is invested in industrial concerns, capitalists selecting the safest securities only, content to get three per cent. and even less. There is a vague but quite generally felt apprehension that a collapse of some kind is impending, and not even the slightest hopes are entertained that the Governments of Austria and Hungary will succeed in coming to some sort of an agreement that will insure the economical existence of the dual monarchy as a united economical factor with interests common to both halves. Official statistics show the population of Australasia (British) to be 4,477,000, an increase of 667,100 since 1891; about one-third of the growth was made in free trading New South Wales alone, while in protected Victoria almost the smallest numerical gain was made, being not much more than that of the little colony of Tasmania. The surplus of wheat available from the last harvest for exportation was estimated at 2,300,000 quarters. The condition of business in Australia is discouraging, and relief measures are being concerted both in New South Wales and Victoria to meet the distress likely to arise from the scarcity of work. A lull in trade and some depression of feeling is reported from Buenos Ayres. The amount of wheat available for export is estimated at 800,000 tons. Retrenchment in public expenditures is still talked of, but talked of only, and a proposal for a new loan of $30,000,000 to be floated in London is on the carpet. Returns from six Brazilian railways show that last year four of them had decreased earnings; one passed dividends, four reduced them, and one maintained the rate of 1897. Still on the prices at which the shares are sold in foreign markets the returns, where there were any, were at rates from 6 to 12% on the investment. So much has been said of the extreme political tension in the Transvaal that it is comforting to receive the assurance that now comes from abroad that, instead of there being danger of war, the Government at Pretoria and the mining interests have made distinct progress toward a settlement of their differences.

IN another column we give complete details of the transactions which virtually close the Real Estate Exchange. As Bacon says, "Death extinguishes envy and openeth the gates of fame," and in the same way we are sure, in spite of discordant opinions, every one interested in real estate will feel that the closing of this institution, which since April, 1885, has been the public centre of the profession, is a distinct loss. The Exchange represented an effort to localize and in a representative sense dignify the real estate business, which in its very nature is scattered and easily misrepresented by actions of irresponsible persons, and to have to admit that this effort has failed is deplorable. On account of the public function which the Exchange performed for the real estate fraternity it should never have been closed, and now that it is closed an effort should at once be promptly made to place some other organization publicly in its stead. The Record and Guide views with particular regret the closing of the Exchange, because we may say it was due in some measure to our efforts and to those of the late David G. Croly, then editor of the Record and Guide, that the Exchange was organized. Our feelings will be shared, we are sure, by those who remember the meeting held in 1882 at th old offices of this paper, 191 Broadway, which culminated three years later in the opening of the building. The first list of applications for membership published by the "Ludlow Committee" forms a species of roll of honor. It will not be out of place if we print here the list as it was issued. A QUESTION of considerable importance to property owners is awaiting decision by the Mayor, and by the Governor if decided favorably by the former. This is the question of the right of property owners to compensation, in the form of interest on awards for the loss of use of lands mapped for parks while under condemnation and the ascertainment of the damages. As is usual, decisions of the courts on this point conflict. The Legislature has recently affirmed the property owners' view, and it is by an amendment to the St. Nicholas Park act, passed at the session just closed, that the matters come before the Mayor. By the terms of the act title to the lands required for St. Nicholas Park does not vest in the city until the Commissioners' report has been confirmed by the Supreme Court, and it requires the city to pay the awards with interest only from the date of the vesting of title. As, as a matter of fact, the property owners have been excluded from the use and benefit of their land since the passage of the act in April, 1894, they claimed that they were entitled to interest from that date and to exemption from all assessments and taxes levied since. A bill adding interest from the passage of the act, and requiring the city to refund assessments or taxes levied and paid on the land taken since that date was passed and is now before the Mayor. In the case of Colonial Park substantially the same question was raised in the Supreme Court on a motion to confirm the report of the Commissioners of Estimate, and decided in favor of the contestants by Justice Bennett, who said: "The property owners were entitled to the cash value of their lands upon the 9th day of January, 1895, and the obligation of the city to pay that cash value (when ascertained) as of that date, then accrued. If the property owners were then entitled to their money, they were equally entitled to its use or to the legal substitute for its use. The testimony of the witnesses on both sides showed that the property was rapidly and steadily appreciating in value at the time it was appropriated to the public use, and that it continued to increase rapidly in value during the four years occupied by the Commissioners in estimating the values. Through all this time the owners were kept out of the money due them by the city. Could any theory of "just compensation" be upheld which would refuse to allow some equivalent for this withholding of the cash to which these owners became entitled upon the day when their lands were thus sequestered? Manifestly not. It is equally clear that at the time of the actual appropriation of the property by the city the owners were entitled to be relieved of all burdens incident to their ownership." This upholds the position of the property owners entirely, and just as entirely meets the equities of the case.

NOTHING surprises in rapid transit, so the veto of the commission bill by the Mayor is equably received. There are various interpretations of the Mayor's motives in refusing to approve the bill, but no expressions of regret or indignation. Such would be useless any way. The result as it bears on the practical question of rapid transit is of course wholly unsatisfactory. City Hall circles, however, are satisfied. An obscure clause in what is known as the Tunnel act, which was approved by the Mayor on Tuesday and by the Governor on Thursday, permits the Municipal Assembly to grant 50-year franchises with 25-year renewals for building tunnel railroads. It would be singular, though not uncharacteristic, if rapid transit is to come to Manhattan and the Bronx through a measure originally intended to give Brooklyn access to the centre of the first named borough. So far we do not hear of any preparation being made to apply to the Municipal Assembly for a 50-year franchise to build the underground road; but, on the contrary, several expressions of the determination of capital to keep out of the enterprise on any such terms. We have still the Rapid Transit act of 1891, with its various amendments down to 1895, providing for municipal construction, and unless this can be carried out we hope that a special session of the Legislature will be called to enlarge the powers of the Rapid Transit Commission in accordance with their own views. Rapid transit was never more wanted than it is at this moment, when with a great industrial movement afoot we may look for large accession to our own population in the next few years, and each year will make this want more severely felt. For some reason the authorities have not been made to see this point clearly. The duty of making them see it lies with the public that wants the service, and certainly until they have been made to see it nothing will be done.

ONE of the things that is sure to help the building industry of this city is the coming revival of public building and the pushing of improvements that have lain dormant for a year and a half. The preliminaries to the erection of the new custom house are being forwarded with commendable zeal by the Secretary of the Treasury and the Supervising Architect. The foundations are being dug for the new Hall of Records, and contracts are about to be let for the removal of the Forty-second street reservoir, which is to make way for the Public Library building. In the next year or two a large amount of school building will become imperatively necessary. Preparations are also being made to carry out the extension of the Riverside Drive to the Boulevard Lafayette, and doubtless as the legal and physical advance work can be arranged other municipal improvements will be taken in hand.

OUR ALBANY LETTER.

Albany, May 11.—Governor Roosevelt was informed this afternoon that Mayor Van Wyck had vetoed the Rapid Transit bill. He had been hearing arguments on Senator Ford's bill taxing franchises and also was considering a proposition made to him that a special session of the Legislature be called for the special consideration of the taxation laws of the State. Then he was asked if he had any thought of calling a special session of the Legislature for the consideration of the Rapid Transit bill. He replied that he had not considered this subject, but if there was a special session he did not see why both rapid transit and a reformation of the taxation bills might not be considered at the same time.

For a week past it has been rumored here that there might be a special session on the taxation laws. Mayor Van Wyck's veto of the Rapid Transit bill was entirely unexpected. His alleged statement that the amendment to the tunnel act can be used to permit of the construction of an underground road surprises people; although when the tunnel act was under consideration it was said in various newspapers that a rapid transit road could be constructed under it.

Governor Roosevelt listened to arguments to-day on Senator Ford's Franchise Tax bill for over 6 hours. Then he said he would receive briefs upon it up to Tuesday next. The general opinion here is that he will sign the bill unless he decides to call a special session of the Legislature to consider the taxation laws.

The Governor on Wednesday gave out his list of the bills left in his charge by the Legislature. There are 73 New York measures which he may yet act upon, although all of these have not yet been received by him. He has signed the following:

Chapter 522 (Senate Printed No. 1153), in regard to the assessment for the construction of Surf Avenue. It provides that one-half shall be charged and levied upon the taxable property in the late town of Gravesend, now the 31st Ward of the Borough of Brooklyn, and the remaining one-half charged and levied upon the taxable property in the borough at large.

Chapter 524 (Assembly Printed No. 2399), amending Section 430 of the Code of Civil Procedure so as to read: "430. Designation by a resident of a person upon whom to serve a summons during his absence; effect and revocation thereof—a resident of the State of full age may execute, under his hand, and acknowledge in the manner required by law to entitle a deed to be recorded, a written designation of another resident of the State, as a person upon whom to serve a summons, or any process or other paper for the commencement of a civil special proceeding, in any court or before any officer, during the absence from the State of New York of the person making the designation; and may file the same, with the written consent of the person so designated, executed and acknowledged in the same manner, in the office of the Clerk of the County, where the person making the designation resides."

Chapter 528 (Senate Printed No. 923), amending Section 1627 of the Code of Civil Procedure with respect to parties in an action for the foreclosure of a mortgage, by adding: "The people of the State of New York may be made a party defendant to an action for the foreclosure of a mortgage on real property where the people of the State of New York have a lien on the said real property subsequent to the lien of the mortgage sought to be foreclosed in said action, in the same manner as a private person. In such a case the summons must be served upon the Attorney-General, who must appear in behalf of the people."

Chapter 542 (Senate Printed No. 1294), amending Chapter 547 of the Laws of 1896 with reference to the acknowledgment of deeds by providing that all acts of ambassadors of the United States in taking the acknowledgment or proof of a conveyance of real property within the State performed before the 12th day of May, 1896, "are hereby confirmed."

Chapter 555 (Senate Printed No. 1220), incorporating the American Bond and Mortgage Company "to guarantee the legality, payment and performance of obligations and contracts and the titles to property real or personal."

COMMISSION ON NEW BUILDING CODE.

The Commission on New Building Code gave hearings on Thursday and yesterday afternoon, on special notice. The first of these hearings was given up to the representatives of the Executive Board of the Brick Layers' Union of the City of New York, Messrs. Clague, Donnelly and Hanlon. They presented several specific requests which they requested to be incorporated in the building code. One of these was to the effect that stone foundation walls should not hereafter be allowed, but that all such walls should be of brick only. They also request that all mason work should hereafter be done in accordance with the rules of organized union labor associations and that builders should be required to take out licenses for carrying on their business.

THE LATEST IN HIGH-CLASS RESIDENCES.

RIVERSIDE DRIVE AND 107TH STREET.

Charles Buek is putting the finishing touches on a row of nine first-class private dwellings on 107th street, in which variety and individuality in each house has been combined in an unusual degree, with a harmonious architectural treatment of the whole.

These houses are located on the south side of 107th street, just east of the Riverside Drive, now one of the choicest residence sections in this city. As a building operation the erection of nine houses of this class is quite unusual, the general rule being to restrict such enterprise to two, three, four or five. The advantages of the larger operation are, however, quite obvious, especially when carried out by a builder of Mr. Buek's experience—which covers the development of domestic architecture in New York for the past 25 years. The employment of large capital in

building operations is followed by the same effects as are found in other lines; larger purchases of material and the employment of bigger forces mean economy in manufacture and an ability to deliver better and cheaper goods to the consumer. The builder calls these the most desirable medium-priced houses for sale in this city and a comparison of the prices asked, and the houses themselves, with similar offerings, will fully establish that claim even to the inexperienced eye.

In the design of the fronts the architect, who is also the builder, has achieved a harmonious effect in design while varying the style and materials employed, as will be seen from the illustration given herewith of the most easterly five of the group. What should be especially noted is the clever management of the windows in order to make the most of the views of the river and Drive, which every one of these houses possesses. It should be stated that the numbers of these houses are 310 to 326, inclusive, West 107th street, in order to assist reference to them when their peculiarities are described hereafter. The fronts of Nos. 310 to 318 are in a combination of brownstone, buff brick and limestone trimmings; those of No. 320 and 322, of limestone and light brick, and those of Nos. 322 and 324 full limestone bay fronts, supported on carved columns of the same stone that form porticos, and produce a very handsome effect in entrance. Open forecourts, arched and turfed, carry out the semi-rural character of the Park surroundings and help to create the cheerful appearance that this row of residences presents, and which will be still further enhanced when the fronts are covered with vines, and the courtyards embellished with flowers and plants.

All nine houses are built on the favorite American-basement 5-story plan, but the interior layout is different in each, depending somewhat on the width of the houses—which for the first five is 20 feet, for the next two, 22½ feet; for the eighth, 25 feet, and for the ninth, 30 feet, with depth of lot in each case 102 feet 2 inches—though the more important controlling cause was the desire to meet as many different requirements and desires on the part of buyers as possible. No. 310 has a central entrance with window recesses on each side of the vestibule, a large, open hall, from one side of which a broad flight of stairs ascends, and an inner reception room partitioned off in wood and communicating with the kitchen hallway, which runs to a doorway in the area. In others of these houses the reception room is open from the inner doorway and in others enclosed into a room with sliding doors opening into the hallway in the ordinary way. In all cases, the servants' entrance is entirely distinct and separate from that of the family. No. 326, by reason of its extra width, has a very fine, wide hallway and reception room. It is impossible to go into all the details of these entrances and have room to speak of other portions of the house, the space at command having been so ingeniously employed to create novelties in the form of rooms, recesses and closets.

The effects on the stairways and landings are also very good, one likely to be especially noted is the favorite Colonial, a combination of mahogany posts, rails and steps, with white enamel for the remainder. Others are in solid mahogany or quartered oak, and all are good and particularly noticeable for their width and ease of ascent. The parlor floors, again, have been the sub-

ject of the designer's genius for novelty either in arrangement or finish. Generally, the layout of this floor consists of parlor, foyer, dining room and butler's pantry, but the form and disposition varies with each house. Mr. Buek has always been successful in presenting attractive and artistic interiors, and in this operation he has produced beautiful rooms by painstaking combinations of woods, tiles and hardware, among which the birds-eye maple and white enamel parlors are sure to be particularly commended. The same care for varied detail is found in the bedroom floors, where the rich effects of hazel predominate and the disposition of the rooms, dressing saloons and bathrooms is at once practical and engaging.

Some of the major differences, or rather the special features of individual houses, have yet to be mentioned. For instance, while No. 310 has a 3-story pantry extension, No. 312 has the same and an elevator; No. 316 and 318 have a 4-story extension, and No. 320 a 3-story smoking room extension; while No. 322 has a 3-story dining room extension; No. 324 has a bay front, with octagon rear; No. 326, a swell front and rear and an elevator. Each house has three perfectly furnished and fitted tiled and panelled bathrooms, servants' stairs to second and third stories and separate servants' quarters and bathroom. Where there are elevators the shafts are fireproof. The kitchens, pantries, and offices are complete in every particular. The heating is by hot-air, supplemented by gas logs, or fireplaces. Pneumatic communications run from all over the houses to an enumerator in the kitchens. All the materials and furnishings and workmanship are in every particular first-class, up-to-date and practical.

As to location, that is especially good, being on the highest point in the vicinity and commanding all the attractions of the Riverside Drive and Central Park; the transit services and the other conveniences that have made the West Side the ideal residence section of the city.

Prices of these houses are quite moderate and the terms generous. The houses are always open to inspection without permits and the owner will be glad to answer inquiries of intending buyers during all business hours at his office No. 109 West 42d street.

THE REAL ESTATE EXCHANGE AND AUCTION ROOM, LTD.

Under a contract signed on Wednesday the New York Realty, Bond, Exchange and Trust Co., will take title on or before June 12 to the property of the Real Estate Exchange and Auction Room, Limited, at Nos. 59 to 65 Liberty street, the consideration being $580,000 in cash. The action of the Committee on Sale of Building, which was appointed about 18 months ago, when it was determined to wind up the affairs of the exchange, was confirmed yesterday by the Board of Directors. The sale includes the information bureau and other belongings of the exchange, with the exception of the portraits of presidents in the directors' room. The portraits will be presented to the originals or their families. So soon as the purchase money has been received into the treasury a meeting of the stockholders will be called to authorize its distribution. According to President Harnett, each stockholder will receive the par value of his holding. The sales of its property means the abandonment of the franchise and the dissolution of the exchange, which for many years has exerted an important influence on real estate interests. Under the building law it exercised the right of appointing a member of the Board of Examiners of the Building Department, and it did valuable service to property owners no less than the real estate profession by taking position on public questions affecting their interests, such, for instance, as rapid transit, taxation, consolidation, etc.

The Real Estate Exchange and Auction Room, Limited, was organized in 1883, with Edward H. Ludlow as its first president, and Richard V. Harnett, H. H. Cammann, Leopold Friedman, Albert Bellamy, Samuel F. Jayne, S. Van Rensselaer Cruger, Isaac Honig, George R. Scott, E. A. Cruikshank, John H. Sherwood, James Stokes and David G. Croly, at that time editor of the Real Estate Record and Guide, as its first board of directors. It took possession of the Liberty street property in April, 1885, when the auctioneers abandoned their quarters at No. 111 Broadway, where sales had been held since 1863. Since its organization every real estate broker and auctioneer of standing in the community has been a member of the exchange, and E. H. Ludlow, H. H. Cammann, E. A. Cruikshank, George Hobart Scott, Geo. R. Read, George de Forest Barton, Douglas Robinson, Alfred E. Marling, and Richard V. Harnett, have been its successive presidents. The removal of the legal sales back to No. 111 Broadway, in 1892, proved to be the beginning of the end of the exchange. The exchange property contains about 7,818 square feet. Allowing $32,740 for the furniture and records and for the expenses of sale, leaves $553,000—the purchase price of the property—or $70 per square foot. The last capital account of the exchange, published Nov. 15, 1898, showed that the assets consisted of the real property, which cost originally $422,844.24; besides alterations and improvements, $149,386.36, and records, maps, and fixtures, $12,653.60, making a total of $584,884.20. The liabilities were: Capital stock, $500,000; mortgage to United States Trust Company, $73,000 at 4 per cent.; balance, $11,884.20; total, $584,884.20. The price paid for the property, $580,000, is expected to make the stock of the Real Estate Exchange and Auction Room worth par. It has been selling for several years at from 70 to 82. The liquidation of the exchange was decided upon about eighteen months ago, when a committee of sale was appointed. The brokers in the sale were Richard V. Harnett & Co. By way of historical interest it may be noted that the Real Estate Exchange Building, originally the Marquand Building, occupies about two-thirds of the site of the old Quaker meeting-house and graveyard, placed at the beginning of the 18th century on what was then the northwest corner of Crowne and Little Greene streets.

The New York Realty, Bond, Exchange and Trust Company is a new corporation organized under a special charter granted by the Legislature last year, and begins business with a paid-up capital of $1,000,000 and a surplus of $500,000. Its primary purpose is to conduct a general banking business for the real estate interests, as, for example, furnishing money to building loan operators, and making first mortgage loans for short terms, as 30 or 60 days, on guaranteed titles. As may be inferred from the names of prominent stockholders, a distinctive aim of the corporation is to direct capital controlled by Wall street financiers into real estate channels, on the theory that real estate selected by experts, is as practical a collateral to base a banking business on as stocks and bonds. The company will guarantee the payment of the principal and interest of mortgages, and issue bonds against real estate mortgages, these bonds being made lawful investments for executors, trustees, guardians, and committees. It will manage realty and act as trustee for estates and persons. It is expressly authorized to list, and have dealt in by its members, all manner of securities based upon real estate values, including municipal bonds as well as its own bonds or debentures —in other words, to conduct an exchange. Finally, it will purchase real estate, and act as a medium for its distribution, by shares, to individuals. Henry Morgenthau is its president, with ex-Mayor Hugh J. Grant as first vice-president. It will make extensive alterations to the Liberty street building, reserving the auction room and some offices for its own use, and renting the rest.

THE BOARD OF EXAMINERS.

The following communication addressed to the editor of the Commercial Advertiser by Mr. F. C. Moore, the president of the Continental Fire Insurance Co. and a member of the Board of Examiners at the Building Department explains itself:

Editor of the Commercial Advertiser:

Sir—On my return to the city last evening my attention was called for the first time to the article in your issue of Saturday last, in which you are pleased to give me exceptional credit for fidelity in the discharge of my duty as a member of the Board of Examiners of the Building Department of this city.

I am unwilling even by the implication of silence to appropriate a compliment which I do not deserve and deprive my associates on the Board of the credit to which each of them is entitled. It has never been my privilege to sit with a body of men more conscientious than they in dealing with important matters. During the years of my connection with the Board I have never discovered the slightest evidence of unfairness to those whose appeals have been submitted for decision; in comparatively few instances are there any dissenting votes, and I am sure that those who vote in the minority, as well as those who vote in the majority, mutually concede honesty of purpose and conscientious exercise of judgment.

The reflections of your article upon William J. Fryer are most unjust to that gentleman. He has never sought in any way to be a leader of the majority. He is an engineer and architect of exceptional ability, and, I believe, is better acquainted with the building law of this city than any other one man. He has been criticised for acting as consulting expert in engineering and architectural questions while a member of the Board. This criticism is simply ridiculous. The maximum compensation he could receive from the Board of Examiners if he attended every meeting throughout the year, would be $520. Moreover, the building law expressly implies that the members of the Board shall be men who are actively at work in their respective callings, thus being in touch with the business of construction and peculiarly qualified by reason of this fact for service on the Board of Examiners. Respectfully yours,

F. C. MOORE.

HALL OF RECORDS APPRAISEMENTS.

The first expert witness for the city in the matter of the condemnation of the Hall of Records' site, and the land for the new street to the west of it, has been examined. He is John Davis, and his valuations are for land only. His figures differ very considerably from those of the property-owners' experts, Frank Lord, Alwyn Ball and Wm. M. Ryan, who, however, have not testified on some of the parcels required. All the appraisements of land so far included in the testimony are summarized in the following table. It should be remembered that they are as of September 18, 1897. The property-owners' appraisements of land and buildings together were given some time ago:

Apart from the sale of the Liberty Street Exchange Building, there were no notable transactions at private contract this week, and the volume of business showed considerable falling off. The total number of transactions reported was 60, with considerations given in 9 and amounting to $896,750. Corresponding figures for last week were 80, 16 and $2,080,450, respectively.

Before the sale of the New York Juvenile Asylum lots, conducted by Peter F. Meyer on Thursday, a large demand for book-maps showed that public attention was directed toward the property. Nevertheless, opinion among real estate men was pretty evenly divided as to whether the sale would be a success or a failure. Those who took the optimistic view dwelt on the improved prospects of underground rapid transit, and the importance of the new transfer system between the elevated and Third avenue railways. Those who shared the pessimistic opinion pointed out that, even under the most favorable conditions, the tunnel road could not be completed for some years to come. On the other hand, they admitted that the auction room is subject to sudden and unaccountable impulses. At the Morgenthau sale of some 400 lots in this very neighborhood, in 1891, the offering realized about $500,000, 170 per cent. over and above what had been paid for it several months before. Meantime, land values have not advanced a particle since the sale, while, in the case of some of the lots, taxes and assessments have added several hundred dollars to their cost. The issue of Thursday's sale leaves room for argument as to its interpretation. Of the 85 lots upward of 50 were sold; the rest were withdrawn because the trustees did not regard the prices which were being obtained as satisfactory. At the same time, the opinion which prevailed in the crowd before the stand was that the lots were being anything but sacrificed. Two lots on the southwest corner of 11th avenue and 176th street, a 60-foot street, sold for $10,450, or an average of $5,225 per lot. Three years ago Edward H. Gilbert sold three lots at private contract on the northwest corner of 11th avenue and 178th street, an 80-foot street, for $13,000, or an average of some $4,300. The withdrawal of 16 lots at Bedford Park, offered by James L. Wells, hardly occasioned surprise to observers of the market for Bronx property. Some 50 lots at Weehawken Heights were successfully disposed of by Richard V. Harnett at voluntary sale for a total of $16,645. In the lesser voluntary sales very few of the offerings this week were bid in, and a larger share than usual of the foreclosure offerings was taken by other than plaintiffs. One event attracted considerable sentimental interest, namely, the sale of the Tilden residence, No. 14 and 15 Gramercy Park, by William M. Ryan. The house was sold under a decree issued by the Supreme Court in a partition suit brought by the New York Public Library (Astor, Lenox and Tilden foundations) against George H. Tilden and others. The property sold for $180,000, Amos F. Eno and Stanford White participating in the bidding. The purchaser is Samuel D. Sabine, whose wife was Susan G. Tilden, a relative of Mr. Tilden, and the house therefore remains in the family.

William M. Ryan announces the auction sale of three tenement parcels on the lower East Side, where there has been for some years past and still is a lively demand for such properties. The sale is by order of executors and the terms are said to be liberal. Descriptions and locations will be found on another page in the formal announcement of the auctioneer, who will supply maps and additional particulars on application at his office, No. 149 Broadway. The sale will take place on Wednesday next.

Richard V. Harnett & Co. make special mention elsewhere in this issue of the auction sale on Thursday next, 18th inst., at No. 111 Broadway, of 68 lots well located in Jamaica, now part of the City of New York, stating, besides other particulars, terms, etc. They have also a bill of miscellaneous offerings, with sales extended over the 16th, 17th, 23d and 24th insts., which should have careful perusal by would-be investors in Manhattan realty. The auctioneer's address, where maps, etc., are to be had, is Nos. 71 and 73 Liberty street. Wm. G. McCrea, Nos. 90-92 West Broadway, may also be applied to in references to the Jamaica property.

Peter F. Meyer will, on Wednesday next, conduct a great sale of Brooklyn building lots at No. 111 Broadway. These lots are no less than 591 in number and located in 3d, 4th, 5th and 6th avenues, 61st, 62d, 63d, and 64th streets. They belong to the estate of William G. Langley, deceased, and are to be sold by order of the executors. Titles will be guaranteed free of charge by the Title Guarantee and Trust Co., and 70% at 5%, or 60% at 4½%, may remain on bond and mortgage. Book-maps and particulars can be had of J. F. Abrams & Son, 3d avenue and 49th street, Brooklyn; Dunning & Fowler, attorneys, No. 67 Wall street, and of the auctioneers, at No. 111 Broadway.

The sale at public auction of the property known as the Brown estate, and consisting of 160 lots located on Sedgwick avenue, Wolf (167th street), street, Lawrence avenue and Lind avenue, and Graham square, is announced by Auctioneer Peter F. Meyer for May 23, 1899. The sale will, without a doubt, be one of the most interesting of the season, as it will bring into the market a large number of low-priced residence lots, located in one of the most beautiful spots in the city, and, at the same time, one of the most accessible. The lots are to be sold without reserve to the highest bidder, and if the recent sales in this section of the city can be taken as a criterion, there is every reason to believe that there will be brisk bidding for every lot. The sale is being extensively advertised, and Auctioneer Meyer already reports many inquiries for the beautifully illustrated sales books which are being distributed.

Bryan L. Kennelly's bill of properties to be sold at auction on Monday, 22d inst., enumerates a number of valuable improved parcels in various parts of the city, besides some 55 Pelham Manor lots and plots. Particulars are given as to location, character and dimensions, terms of sale, etc. Titles to the Pelham Manor parcels will be guaranteed free of cost to purchaser by Lawyers' Title Insurance Co. The auctioneer's office is at No. 66 Liberty street, where additional information can be obtained.

Wm. P. Rae will sell on Thursday next, under the direction of Geo. E. Lovett & Co., in the Exchange, No. 189 Montague street, 94 lots, located at Kensington and Bensonhurst, near three trolley lines, on improved streets. Maps and terms can be obtained of Geo. E. Lovett & Co., in the Exchange, 189 Montague st., Brooklyn, No. 203 Montague street, Brooklyn. Other facts will be found in our business pages.

LEASES.

105th and 106th sts and East River, 38 lots, with water front and docks, also 3-story factory, kilns, offices, stables, etc. Wm. Hall's Sons, lumber dealers and extensive manufacturers of house trim, have sold their entire plant to the N. Y. Sash, Door and Blind Co., of which Councilman Geo. B. Christman is the president. The new company have taken possession of the premises, which they have leased for twenty-five years, for a total of about $270,000, and are at work putting things in shape for active business. They will give up their present factory, at Nos. 312 to 318 East 95th street, by June 1st, when they will have their new plant in complete working order.

P. C. Eckhardt has leased for Josephine Schmid to Patrick J. Duffy for seven years, from May 1, 1899, at $3,500 per year, the 2-sty building, 50x100, at the northeast corner of 5th av and 98th st; also, for L. Shortemeier to John Ruege, for ten years, at $3,500 a year, the building No. 61 Amsterdam av.

M. & L. Hess have leased for Capt. Henry Metcalfe, from plans drawn by Richard Berger, the store and basement of the building to be erected at the southwest corner of Broadway and 10th st The lease is for a long term at a total rental of $200,000.

Tuoti & Co. have leased for H. Liebeskind the four tenements now being completed at the southwest corner of 1st av and 105th st, for five years, for a total rental of $40,000.

Brooklyn realty shows continued activity particularly in the direction of private and auction sales. After the 1st of May brokers expect a beginning of the summer dullness, but business shows no signs as yet of the approaching dull season. Sales are being made with almost the same frequency as was noticed in March and April, and prices remain steady. There has been less activity, however, in outlying properties than for some weeks past. This condition is partly explained by the fact that the desirable farms are already in the hands of the real estate operator, and are being developed for building purposes. Commissioner Guilfoyle is authority for the statement that the building operations average almost a million dollars per month more than they did last year. Although the population of Brooklyn is increasing at a most rapid rate, there will be no lack of houses to meet all demands.

The John T. Martin Estate auction sale, by Jere Johnson,Jr.,Co., on Tuesday, was the important event of the week, and attracted a large crowd. A noticeable fact in connection with this sale was that among the bidders were some of the biggest operators in Brooklyn. The property offered consisted almost entirely of lots. The choicest portion, however, comprising 139 lots, extending from the north side of Degraw st across Eastern Parkway to the south side of President st, between Kingston and Albany avs, was sold at private sale just before the auction began. The purchaser was George W. Sandford, of Utica, N. Y. It was announced that the price received was $100,000, but it has been learned on good authority that the real consideration was much less, not more than $60,000 to $70,000. This is not considered high for property on Eastern Parkway and adjoining streets. As a whole the prices realized were only fair considering the very favorable terms of sale. The 76 lots in the block bounded by St. Mark's av, Prospect place, Utica av and Schenectady av, brought in all $52,560, or an average of nearly $700 per lot. This same block, excluding two lots, was sold about 30 years ago to one of the Martin family for $20,000. During this time the owner has had to pay for assessments, improvements and taxes with no return on his capital. It is safe to say therefore than the possession of this property has hardly been a paying investment. The one piece of Heights property disposed of at the sale, a private stable on Columbia Heights, east side, just north of Pierrepont st, brought but $7,000. The lot is 25x101, and alone was held at considerably over this figure.

De Selding Bros., of New York City, have sold for A. B. Quarries, to the builder, William L. Dowling, a plot of 25 acres, on the east side of Ocean av, between Avenues I and J. The property lies 40 minutes' ride from the Manhattan end of Brooklyn Bridge —the Sheepshead Bay trolley running past the avenue front—and is situated in the midst of a conspicuous building movement. A group of 50 houses is under construction in the immediate neighborhood. Two big auction sales of lots adjoining the land on the east are scheduled for the latter part of May. Concomitant with these circumstances, the farm is under active cultivation, the agricultural user being rented for the year for $550.

Flatbush, nine plots on the north and south sides of Newkirk av, corner of Ocean av, East 21st st, 22d st, and East 23d st., containing in all about three acres; seller, John E. Searles; buyer, Benj. F. Stephens; consideration, $35,000; broker, Leonard Moody Real Estate Co. This sale disposes of the last remaining holdings of the seller, who at one time owned a considerable tract in this section. The price paid for these lots is considered the best yet paid for suburban property. It is the intention of the purchaser to improve with high-grade dwellings.

Flushing, L. I.—Farms of L. H. Alden and O. P. Holland, containing about 300 acres, situated between Flushing and Jamaica, near Black Stump. This property also adjoins Fairview, which was lately sold to Henry C. Roth and will be intersected by the new railroad to be built by the Long Island road from Flushing to Jamaica. The price paid was $45,000, and the purchasers were William P. Rae and Charles McArdle. It is the intention of the purchasers to improve this tract at once.

Marcy av, No. 191, with stables adjoining at No. 253 Division st; buyers, Brooklyn Bureau of Charities, who will use the property for the purposes of their woodyard and other charitable work. The sale was effected by A. B. Gutman.

Duffield st, No. 171, east side, 200 feet south of Myrtle av, lot 25x100, 3-sty and basement brick dwelling, subject to a mortgage of $5,400; seller, Francis W. Holbrook, of New Jersey; buyer, Sarah E. Wenz; consideration, the equity was exchanged for 13 lots in the Township of Palisades, N. J.; brokers, J. Wenz and Francis M. Edgerton.

Baltic st, Nos. 286-294, south side, between Court and Clinton sts., five 3-sty and basement brown stone dwellings, each 16.8x45x100; seller, Dr. Wm. T. Carhart; buyer. W. Dewsnap; consideration, $22,500; broker, The Leonard Moody Real Estate Co.

Prospect place, No. 193, north side, between Carlton and Vanderbilt avs, 3-sty basement brownstone dwelling, 20x45x100; seller, J. H. Lyall; buyer, T. York; consideration, $11,000; broker, The Leonard Moody Real Estate Co.

South 3d st, No. 279, old building, 25x100; sellers, Frank and Katie Shaw; buyer, M. Beck; brokers, Charles Buermann & Co.

The Eastern District Savings Bank, which now occupies hired quarters at No. 1036 Gates avenue, Brooklyn, has under consideration the project of securing a site on which to build a home of its own.

Rustin & Robbins, real estate brokers, have opened new offices at No. 24 Court st.

The Brooklyn Development Company, recently organized to deal in suburban properties, has just leased the entire first floor of No. 154 Montague st, for its offices. The fact that this real estate company will be located here should give a business value to this section of Montague street, which has long been undesirable for residence.

John F. James & Son will have charge of the new Hamilton Building, to be erected on the northwest corner of Joralemon and Court sts. The present building is now being torn down. It is expected that the new building will be ready for occupancy by the fall of 1900, or possibly in about a year.

Livingston st, No. 158, south side, 20 feet east of Smith st, 3-sty brownstone dwelling, 20x40x75; sellers, Jane Maunder and Catherine Field; buyer, Thomas F. Rochford; consideration, $8,500; brokers, John F. James & Son.

Kosciusko st, No. 465, north side, 3-sty brownstone dwelling; seller, Emily W. Dana; buyer, Mary A. Brennan; consideration, $4,500; brokers, John F. James & Son.

Miller av, No. 462, near Sutter av, 2-sty brick 2-family dwelling; seller, J. H. Roberts; buyer, Mrs. Tutt; consideration, $4,200; broker, F. A Lane.

11th st, No. 612, 2-sty and basement stone front dwelling, lot 20 x100; seller, Thomas F. Martin; consideration, $8,500; broker, Thomas Rosecrans.

13th st, No. 238; seller, Henry Burn; buyer, Ellen M. Stolworthy; broker, H. B. McNair.

Flushing av, Nos. 1079 and 1081, northeast corner of Knickerbocker av, two 3-sty double frame buildings, stores and apartments, plot 65 feet on Flushing av, and 107 feet on Knickerbocker av; seller, Wilhelmina Engelbrecht; buyer, The Brown Realty Company; consideration, about $17,000.

REAL ESTATE NOTES.

It is reported that the Manhattan Elevated Railroad Company have in contemplation the early extension of their line to Bedford Park and West Farms.

Alfred Hahn, the well-known operator, left this city last Tuesday, with his family, on the "Kaiser Wilhelm der Grosse," for a three months' tour of Europe.

Bond and Mortgage Guarantee Co., No. 175 Remsen st, Brooklyn, have increased the rate of their annual dividend from 6% to 8%. The official announcement of this indication of the success of the company will be found in our business pages.

The block bounded by Lexington and 4th avs, 25th and 26th sts, will be recommended to the Armory Board at its next meeting as a suitable site for the 69th Regiment Armory, in substitution of the College of the City of New York site, on Lexington av and 23d st.

An organization of property-owners of the 12th and 22dWards for united action for mutual protection was effected at No. 210 West 107th st this week. Temporary officers were elected as follows: G. T. Lawrence, Chairman; A. G. Weigand, Secretary, and August Hassemer, Treasurer.

This week the sale of buildings and parts of buildings preliminary to the widening and straightening of Devoe, East 182d, East 170th, East 173d, East 180th sts, Fairmount place, Ryer av, Fordham av, Tiebout av, Lorillard place, Briggs av, Broadway and the Grand Boulevard and Concourse, was conducted by Peter F. Meyer.

Edward L. King, a junior member of Richard V. Harnett & Co., was the active agent in the negotiations which resulted in the sale of the Real Estate Exchange and Auction Room property

to the New York Realty, Bond, Exchange and Trust Co., for $580,000. During the past four weeks, Mr. King has closed contracts involving $2,000,000, a sum which does not comprise sales concluded by other members of the firm. The significance of this record in its bearing on the realty market is obvious.

The Real Estate Trust Co. have issued to their stockholders from their offices, No. 30 Nassau st, the following very satisfactory statement of their progress during the past year: "We give you the following figures for your information: May 5, 1898, 1,068 depositors, $3,932,518.59; May 5, 1899, 1,236 depositors, $5,566,753.05. We take this occasion to inform you of the above, as at the close of business to-night (May 5), our deposits are at the highest point in the history of the company. Under the circumstances, we feel justified in asking the co-operation of the stockholders in further increasing our line of deposits."

The story is revived that the North German Lloyd will dock on the east side of the Hudson River. It has been generally understood ever since the improvements to the river front above 11th street were determined upon that this company would cross the river as soon as it could obtain a suitable pier, for which an opportunity will be presented when the occupants of the large lower piers move to the new ones. The same has also been understood of its competitor, the Hamburg line.

Mayor Van Wyck's veto of the Speedway bill was due to the presence of the following provision: "Provided, however, that nothing herein contained shall in any proceeding for the taking and condemnation of lands adjacent to said driveway be held or construed to diminish the value of said lands by reason of the restrictions upon the use of said driveway, or otherwise, as to such proceedings, than if such driveway were an open public street." Corporation Counsel Whalen gave the Mayor an opinion that the provision would increase the awards for land taken for the Speedway.

Isaac Michael Dyckman, who died this week at the age of 86 years, was the last millionaire male land owner of that name in Manhattan. Before he fell heir to the estates of the Dyckman family, that extended from Kingsbridge to Fort George, he was James Smith, son of Caleb Smith, and was born on a farm in Yonkers. Through his mother, however, he was related to the Dyckmans. Soon after his marriage to Fannie Brown, a farmer's daughter, in 1868, he became heir to the large estates of his two uncles, Isaac and Michael Dyckman, on the condition that he would change his name to that of Isaac Michael Dyckman. Mr. Dyckman leaves a widow and two married daughters, one of whom is the wife of Bashford Dean, professor in Columbia University.

The city will sell on September 6, at the Court House, City Hall Park, lands and tenements in Manhattan and Bronx against which there are posted unpaid assessments amounting, roughly to $6,000,000. The printed notice of sale, which may be had by any interested person applying for the same, makes a book of some 400 pages, 16x14 inches. About 200 pages are devoted to the 12th Ward, and 73 to the 23d Ward. All the other wards, including those downtown, are also affected. There are altogether 19,492 lots against which the city has claims in arrears. Sale may be avoided by payment of arrears before September 6, to the Collector of Assessments and Arrears, at his office in the Department of Finance, Room No. 35, Stewart Building, No. 280 Broadway, together with the interest thereon, at the rate of 7% per annum, to the time of payment with the charges of notice and advertisement.

The buyer of Nos. 738 to 742 Washington st, reported two weeks ago in this paper, proves to be the Western Electric Co. The transaction is one of several recent purchases which give the buyers possession of a plot, 171x143, on the northwest corner of Washington and Bank sts. The company, in January, 1896, took title to a parcel of seventeen lots on the southwest corner of Bethune and West sts, including an "ell" on Bank st. In July they filed plans for a 10-story brick and terra cotta office and factory, 142.10x285.9½, with an extension, 20.6x118.2, the plans being drawn by Cyrus L. W. Eidlitz, and the estimated cost of the projection being $1,000,000. Part of the building, Nos. 57 to 67 Bethune st, is now in use; the other half, covering the Bethune and West st corner, is under construction. The Washington and Bank st corner is likewise to be improved, as stated in another column. E. A. Cruikshank & Co. represented the Western Electric Co. in their several purchases. The location, at this point of what will be one of the largest factory buildings in Manhattan, is a good illustration of what the new pier improvements conducted by the Dock Department, and the excellent shipping facilities in West street, are doing for real estate in that section. Besides transportation facilities a consideration which has much weight with manufacturers is the circumstances that in rush times, skilled labor can be more promptly obtained in New York than in country towns.

It is interesting to note the financial basis on which the Boulevard tax-payer is constructed. When the Boulevard was laid out, it was thought that it would be lined eventually with fine private houses. This expectation, however, had to be abandoned on the appearance of the flat-builder. It now seems probable that elevator apartments and apartment hotels will predominate and some think that the existing 5-story flats will in the natural order of events have to give way before the elevator. Because of neglect on the part of speculative builders, the price of lots in the Boulevard, though originally disproportionately high, have failed to advance in the same ratio as land in the side streets, where constructional work has been pushed to a degree. At the Eno sale, in February, a single lot in 114th street, west of the Boulevard, brought $12,100, while an inside plot in the Boulevard, between 112th and 113th streets, sold at the rate of $14,000 per lot. About the time of the Eno sale—partly, no doubt, as a result of that sale—a decided real estate movement was set on foot in the avenue, so that prices have advanced materially. The block front on the easterly side, between 85th and 86th streets, was sold two weeks ago at a price stated to be $240,000, and was resold last week, according to report, at $265,000. The easterly block front, between 78th and 79th streets, which is owned by William, Joseph W, and the heirs of Charles Sandford, was in the market two years ago for $250,000. During the present year several offers at this figure have been rejected. Plans, drawn by Patrick F. Brogan, No. 119 East 23d street, were filed not long since for five 40-foot 2-story buildings, with ten stores and flats, to cover the site. The owners expect to rent the inside buildings for $1,200 each, and the corner for $1,800, which will produce a gross rental of $13,200. Deducting $3,000 for taxes and $1,000 for repairs, etc., there will remain a net rental of $9,200, or something over 3% on a capitalization of $300,000. Within a stone's throw, namely, between 81st and 82d streets, on the east side of the avenue, is a similar temporary improvement, covering a whole block front.

CONCERNING REAL ESTATE AGENTS AND BROKERS.

Kahn & Baumann, the well-known real estate agents, whose office since 1882 has been at No. 111 Broadway, have, for the greater convenience of their clients, taken an uptown office at No. 1420 5th avenue, where they will be more centrally and conveniently located for the transaction of their special line of business, selling, exchanging, renting and collecting, for property in the vicinity of their new office. Mr. Kahn's long experience, and the high reputation which the firm enjoy, will recommend them to all who are, or who desire to be, in any way interested in real estate. The old-time headquarters at No. 111 Broadway are continued. Both offices can be reached by telephone.

William P. Rooney, well known in realty circles as a successful broker, has opened an office at No. 402 West 51st street, corner of 9th avenue, for the transaction of a general real estate business, including the sale and exchange of property and placing of mortgage loans. His specialty, however, will be the management of estates and collection of rents. For over fifteen years Mr. Rooney has been engaged in selling and managing realty in the central part of the city and for twelve years was with the old firm of Riker & Son. His knowledge of values and property, and an extensive acquaintance with owners and operators, coupled with a pleasing personality and close attention to business are factors that are sure to bring him success. His telephone call is 1005 Columbus.

C. H. Froehlich continues under the name of Lionel Froehlich's Son, the successful business established by his father in 1858. His office at No. 1149 Lexington avenue, above 79th street, is a model in the way of arrangement and equipment, and the many successes scored by his father are being repeated by the son. In addition to the management of estates, renting and collecting, Mr. Froehlich makes the sale of dwelings on the East and West Sides, choice investment properties and lots with loans his specialties. His telephone call is 1037 W.

CUSTOM HOUSE PLANS.

In inviting architects to compete for the plans of the new Custom House, Secretary Gage has, very properly, given this city a large preponderance. No less than 12 out of the original list of 20 architects or firms of architects invited to compete are located here. A later list increases this number to 15. The original list was: Geo. B. Post, Francis H. Kimball, Cady, Berg & See, Clinton & Russell, R. W. Gibson, Israels & Harder, Babb, Cook & Willrad, Carrere & Hastings, H. J. Hardenbergh, McKim, Mead & White, Bruce Price, and Jas. B. Baker, of New York; Henry Ives Cobb, Daniel Burnham and Jenny & Mundy, of Chicago; Shepley, Rutan & Coolidge, Peabody & Stearns and Wheelwright & Haven, of Boston; Theophilus Chandler, Jr., of Philadelphia, Pa., and Cass Gilbert, of Minneapolis, Minn. The later list omits the names of Jenny & Mundy, Chicago; Wheelright & Haven, Boston, and Theophilus Chandler, Jr., of Philadelphia, and substitutes: Trowbridge & Livingston, George Martin Huss and Howard, Cauldwell & Morgan, all of New York. According to a Washington dispatch of Thursday's date, the formal invitations were issued on that day, and it was understood that all the architects now on the list will accept.

The programme for the building, as sketched out roughly to the proposed competitors, suggests a structure six stories high, with 212,000 feet floor space the absolute requirement. A hint is thrown out that it may be desired to add two more stories later, and designs should be drawn with reference to this possibility. The material of which the building is to be constructed is not designated, but is left to the discretion of the several designers.

The "Notices to Property-Owners," including the "Hearings for the Coming Week," and kindred matter, will be found at the head of our technical records, which begin with page 883.

The Building Trades

BUILDING MATERIAL MARKET.

BRICK.—Scarcity has caused a sharp advance in prices of brick, Hudson Rivers reaching $6.00@6.50. Strikes and the inadequate labor supply are principally responsible for the shortage. However, it is not likely that present high prices will hold after larger supplies begin to come in. Jerseys have made a corresponding advance, selling at $6.00@6.50. Total arrivals to Thursday night were 50 barges. The American Brick Company, with a capital stock of $15,000,000, has been formed by consolidation of many large firms operating along the Hudson River. Among the firms reported to be included in this consolidation are: Walsh & Main, at Stockport, with an annual output of 40 million brick; Wm. Hutton, at Rondout, output 20 million; Schultz yard, at Rondout, with 10 million output; and the A, B, C, at Fishkill, having an output of 20 millions. This company is now in operation under temporary organization, which will be supplanted early next week on the election of regular officers, but positive information as to the constituents of the new company, and those who will directly administer its affairs is at present refused.

LIME.—Arrivals have been small, and shipments are light. With no stock at first hand, prices are strong, and well maintained. Difficulty in obtaining vessels for shipment is a factor of the slight shipments. Rockland common is 80@85c. per bbl., and finishing 90@95c. per bbl. State is firm at 75c. and Jointa at 90c.

CEMENT.—Trade is brisk, and dealers are very busy filling orders. The supply is cleaned up, and arrivals are taken without delay. Rosendale is 80@95c. per bbl. Portland is $2.00@2.10 per bbl.

LATH.—Prices of last week hold good, $2.40@2.50 for spruce slab. Arrivals also continue moderate—about 5,000,000. As yet Canadian dealers have not entered the market, but present good prices should offset the duty of 25c. per 1,000 lath, and heavy cost of freight. Pine lath sell at about $2.25.

NAILS.—Wire nails are $2.20 for car lots f. o. b. mill, Pittsburg base; $2.45@2.50 on dock New York, and $2.60 for small lots out of store. Cut nails are $1.75 for carload lots, jobbers, f. o. b mill, Pittsburg base; less than carload lots, $1.80; to others than jobbers, $1.80@1.95.

GLASS.—The schedule of the American Window Glass Company, lately in force, has terminated, and more or less uncertainty prevails as to future discounts. Although this is the beginning of the dull season, the prospect is good. The formation of a window glass trust is being pushed, and options are held on the greater number of the plants in operation. The quoted discount for window glass is 80 and 20 and 5% off; French, 80 and 10% off; plate, 80% off.

NAVAL STORES.—The market for spirits is much easier, but dealers retain their policy of purchasing for present use only. With the present falling-off and the expected decline of the next few days purchases will be heavier. Spot prices are 43c. for Southerns, and 43½c. for machines.

Tar is $1.80@1.85 for small barrels, and $3.37½@3.40 for oil barrels; pitch is $1.65@1.70.

COAL TAR PRODUCTS.—Tar, $4.50@5.00 per bbl. of 50 gallons; pitch, $2.24@2.50 per cement bbl.; tarred roofing felt, $35.00 @40.00 per ton. These prices are f. o. b. New York, to jobbers only.

OIL.—Sales of Linseed are good. City brands are 49c. for 5-bbl. lots or more, and 50c. for smaller quantities, with the customary 2c. per gallon advance for refined. Western brands are 47c. and 48c.; Calcutta, 58c. Seed had declined.

LEAD.—No change from the prices last quoted by the National Lead Co. has occurred. Business continues good.

LUMBER.—All stocks are very slim, not only in New York, but all over the country. It is impossible to obtain dry quartered oak at any price. In plain oak, however, there is a small supply. The condition of other varieties is about the same. All talk about the bottom of the market dropping out has ceased.

Building News.

MERCANTILE.

Washington st, northwest corner Bank. Recent purchases made by the Western Electric Light Co., 57 Bethune st, give them a site 171x143 on this corner available for improvement. They have a new office and factory at Nos. 51 to 67 Bethune, and another is under construction on the adjoining corner of Bethune and West sts. Plans for these two operations, together, were filed in 1896, by C. L. W. Eidlitz, the estimated cost being $1,000,000. According to H. B. Thayer, manager for the company, the Washington and Bank st corner will likewise be improved with a factory, details of which, however, have not been determined. Probably a building of several stories will be put up, in which case the foundation will be made strong enough to carry enough additional stories to make the structure equal in height to the other two.

For Plans Filed see pages 902 and 924.

104th st, northeast corner of 1st av, 4 or 5-sty brick and stone market building, 50x100; John Poth, 2022 1st av, owner; W. C. Dickerson, 149th st and 3d av, architect.

Broad st, Nos. 26 and 28, northwest corner of Exchange pl. Hallgarten & Co., 26 Broad st, who purchased this corner last week, and state that the probabilities are that at some later date they will put up a modern building. No plans have been drawn and no architect selected; nothing will be done this year.

122d st, north side, 52 feet west of Lexington av, 5-story and basement brick and stone flat, 25.3x86x100.11; cost, $25,000; Frank E. Laigen, 238 East 105th st, owner; Lorenz F. J. Weiher, Jr., Park av and 125th st, architect.

149th st, southwest corner of Brook av, 5-sty and basement brick and stone flat, 35x85x90x44; cost, $45,000; John C. Gill, 715 Prospect av, owner; Lorenz F. J. Weiher, Jr., Park av and 125th st, architect.

Fulton av, and 167th st, stone approach to church, 21 feet high, Indiana limestone retaining walls, marble platforms and steps, wrought iron railings, lamps, etc.; cost, $10,000; St. Augustine R. C. Church, owner; M. J. Garvin, 3307 3d av, architect.

Jefferson st and Crotona av, 4-sty brk flat; irregular; Henry Rieglemann, 1011 Crotona av, owner; Chris. Rieglemann, 1011 Crotona av, architect.

DWELLINGS.

78th st, north side, between 5th and Madison avs, 5-sty brick and stone dwelling, 35x48, with extension 20x52; Thomas E. Stillman, 23 Broad st, owner; C. C. Haight, 111 Broadway, architect.

50th st, south side, 125 feet east of Madison av. Jere. C. Lyons will improve this property by the erection of residences. Buchman & Deisler, 9 East 59th st., have been his architects in previous operations.

Riverside Drive, from 105th to 106th st. P. M. Stewart and H. Ives Smith, builders, with offices at the southwest corner of 82d st and Broadway, contemplate the erection of six high-class detached houses on this block front, which has been just purchased. This plan of improvement will practically make corners of all the lots. No architect has been selected. Last week we mentioned the projected improvement of the Riverside front between 107th and 108th sts, by the same firm, who are now finishing a group of houses on the north corner of the Drive and 106th st.

OF INTEREST TO THE BUILDING TRADES.

Samuel McMillan, who has been making an extended stay in Arizona, has returned home. On his journeyings he found people cheerful as to the business outlook and all the evidences of renewed activity.

Removals are noted as follows: W. H. Birkmire, to No. 396 Broadway; Gillespie Brothers, removed to No. 158 West 23d st, telephone call, 1678-18th; John B. Brazier, to No. 106 East 23d st; William Strom, to 39 Cortlandt st.

Meetings at the Building Trades' Club: Architectural Iron Workers' Association, Monday, May 15th, at 8 p. m.; the Tile, Grate and Mantel Association, Thursday, May 18th, at 8 p. m.; Employers of Sheet Metal Roofers will hold an executive meeting, Friday, May 19th, at 3 p. m.

The hearing on the proposition of the Board of Trade and Transportation to limit the height of buildings in this city, was unnecessary in view of the fact that this is a matter that the Municipal Assembly only can deal with and that body has already referred it to the Commission on New Building Code for examination and suggestion.

The rumors current of trouble among the stonecutters have slight foundation. The great body of the employees are not interested in the matter. For some weeks a few score of the two or three thousand workmen employed in finishing stone have been desirous of getting the Building Trades' Council, to which they belong, to order sympathetic strikes against the mass of the employees who are not represented in the union, but, like the fable of the frog who attempted to evict the ox, the whole matter is likely to end in wind.

It was announced by "The World" yesterday that unless the Mason Builders' Association and Bricklayers' Union can reach an agreement before Monday on a demand of the men for 55c. an hour, or an increase of 5c. an hour, a strike of the 5,000 bricklayers employed in the city would be declared. As is well known, it has been customary for the two associations to sign articles of agreement, to be in force from May 1st to May 1st, but this year, owing to the demand mentioned, successive meetings have been unable to arrive at any agreement. Another meeting was arranged for last night. It could not be ascertained that anything like the serious ultimatum mentioned by "The World" had been received from the Union.

TRADE NOTES

HOUSE AND WINDOW CLEANING.

The American House and Window Cleaning Co. is the name of a new concern who have opened offices at No. 207 East 69th street. As the name implies, their work embraces all manner of house and window cleaning. The manager, Robert S. Moore, is an experienced worker in this line, and he will gladly furnish estimates to owners, builders and others.

PLASTIC SLATE ROOFING.

John Laura & Co., of No. 160 5th avenue, contractors for Plastic Slate Roofing, have numerous contracts from active and successful builders. They embrace F. J. Schnugg's flats, at 92d street and 2d avenue, where 10,000 square feet of roofing is required; Alex. Walker's new apartment house, at Broadway and 81st street, 10,000 square feet; Robertson & Gammie's flats, on 118th street, near Amsterdam avenue, and flats on Central Park West, near 99th street, 12,000 square feet, for J. Knox McAfee. Messrs. Laura & Co. guarantee all work, and will gladly furnish estimates to builders, owners and agents.

WINDOW SHADES AND AWNINGS.

The name "Kloes," when associated with window shades, is synonymous of the best. Since 1872 F. J. Kloes has manufactured window shades, and his goods have covered the windows of thousands of houses in and out of New York. His factory at No. 240 Canal street, corner of Centre street, is centrally located and commodious, and his best efforts are always put forth to fill orders promptly and satisfactorily. Mr. Kloes also supplies awnings, and has the best of facilities for executing all orders.

Questions and Answers.

CONTRACT.

To the Editor of THE RECORD AND GUIDE:

Will you kindly reply to following questions in Saturday's issue: Is a real estate broker or operator taxed or licensed by our government? What is the rate, and does it apply to a real estate agent as well?

Answer.—A real estate broker, agent or operator, is not taxed or licensed by the War Revenue act; there is therefore no rate.—Editor Record and Guide.

CONVEYANCES.

Whenever the letters Q. C., C. a. G. and B. & S. occur, preceded by the name of the grantee, they mean as follows:

1st.—Q. C. is an abbreviation for Quit Claim deed, i. e., a deed wherein all the right, title, and interest of the grantor is conveyed, omitting all covenants or warranty.

2d.—C. a. G. means a deed containing Covenant against Grantor only, in which he covenants that he hath not done any act whereby the estate conveyed can be impeached, charged or encumbered.

3d.—B. & S. is an abbreviation for Bargain and Sale deed, wherein, although the seller makes no express covenants, he really grants or conveys the property for a valuable consideration, and thus impliedly claims to be the owner of it. The street and avenue numbers given in these lists are, in all cases, taken from the Insurance maps when they are not mentioned in the deeds. The numbers, it will occasionally be found, do not correspond with the existing ones, owing to there having been no official designation made of them by the Department of Public Works.

4th.—The first date is the date the deed was drawn. The second date is the date of filing same. When both dates are the same, only one is given.

5th.—The figures in each Convenance, thus 2 : 482, denotes that the property is in section 2 block 482.

6th.—Subscribers will find Conveyances in this list with the wrong block No. attached. The block No. we give is taken from the instrument as filed.

MORTGAGES.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

When the letters "P. M." occur, preceded by the name of a street, in these lists of mortgages, they mean that it is a Purchase Money mortgage, and for fuller particulars see the list of transfers under the corresponding date.

The first date is the date the Mort is drawn, the second the date of filing; when both dates are the same only one is given.

Subscribers will find Mortgages in this list with the wrong block No. attached. The block No. we give is taken from the instrument as filed.

Mortgages against 23d and 24th Ward property will be found altogether at the foot of this list.

May 4, 5, 6, 8, 9, 10 and 11.

JUDGMENTS.

In these lists of Judgments the names alphabetically arranged, and which are first on each line, are those of the judgment debtor. The letter (D) means judgment for deficiency; (*) means not summoned; (†) signifies that the first name is fictitious, real name being unknown. Judgments entered during the week and satisfied before the day of publication, do not appear in this column, but in list of Satsified Judgments.

BOROUGH OF BROOKLYN.

CONVEYANCES.

Whenever the letters Q. C. and C. a. G. are preceded by the name of the grantee they mean as follows:
1st.—Q. C. is an abbreviation for Quit Claim deed, i. e., a deed in which all the right, title, and interest of the grantor is conveyed, omitting all covenants and warranty.
2d.—C. a. G. means a deed containing Covenant against grantor only, in which he covenants that he hath not done any act whereby the estate conveyed may be impeached, charged or encumbered.

MORTGAGES.

NOTE.—The arrangement of this list is as follows: **The first name is that** of the mortgagor, the next that of the mortgagee. **The description of the** property then follows, then the date of the mortgage, **the time for which it** was given, and the amount. The general dates used as headlines **are the** dates when the mortgage was handed into the Register's Office to be recorded. Whenever the letters "P. M." occur, preceded by the name of a street, in these lists of mortgages, they mean that it is a Purchase Money mortgage, and for fuller particulars see the list of transfers under the corresponding date. Whenever the rate is not given, read as 6 per cent.

LIFE *Hangs on a Rivet.*

A rusted rivet may cause the destruction of a modern building, or a railroad bridge. Do you realize the necessity of keeping the iron free from rust? Linseed oil paint will not do it. Dried linseed oil is permeable to moisture. Paint may remain intact and rust go on beneath it. There is but one way to prevent rust. Coat the iron with a skin that will absolutely keep moisture out.

DURABLE METAL COATING

Is an elastic varnish, especially prepared for use on structural iron. It costs but little more than paint, and the building is safe. Pamphlet free for the asking.

FROST AND BUILDING MATERIALS.

The scientific studies of American architects and engineers find a subject for exercise in considering the effect of frost on various building materials. According to the American Architect, some interesting experiments have been made by Mr. A. C. Hobart, Fellow in Civil Engineering of the University of Illinois, on the effect of freezing on cement-mortar. The phenomena incident to the freezing of freshly mixed cement-mortar have already been investigated with tolerable thoroughness, and Mr. Hobart therefore devoted himself mainly to the study of such mortars, frozen only after setting had begun. In order to secure uniform conditions, he obtained the use of a room in a cold-storage warehouse, where a constant temperature was maintained of about 20 deg. Fahr., and the briquettes of cement, of various kinds, were removed to this room after a definite period had been allowed for setting in the rooms of the Engineering Laboratory. The cements experimented with were of all sorts not much used in the East, the natural brands being Clark's Utica, Louisville Black Diamond, Louisville Star, and Akron; while only two Portland cements were used, Saylor's and Dufossez's. With all these, freezing immediately after moulding caused loss of strength, and where frozen in contact with water total disintegration; but where the briquettes were allowed to set before freezing the result was very different. In the case of the natural cements, where the briquettes were allowed to set for six hours, or in some cases less, and then frozen, it was found that the strength, instead of being diminished, was greatly increased, such briquettes, after careful thawing, resisting a greater tension than similar briquettes of the same age which had not been frozen. Mortars made with two parts sand to one of cement were more favorably affected than the one to one or the neat mortars; the Louisville black diamond briquettes, mixed two of sand to one of cement, allowed to set for two or three hours only, showing after freezing and subsequent thawing a resistance about three times as great as that of similar briquettes made at the same time and tested at the same time, but not frozen meanwhile. It is curious that the same mortar, if allowed to set for several days before freezing, gained much less by the process, but even after fourteen days' setting freezing added something to the strength. With Portland cements there was no gain by freezing in any case, and generally a considerable loss, but the loss in strength was less when frozen after twenty-four hours setting than after six hours', and mortars made with a considerable portion of sand lost, proportionately, much less than neat cement. The conclusions which Mr. Hobart draws from the experiments are that cement mortars, made either with natural or Portland cement, if frozen in the presence of water are likely to be disintegrated and destroyed; but that, if extraneous moisture is kept away from them, natural cement mortars, if allowed to set from three to six hours, are improved by subsequent freezing; while mortars of Portland cement under such circumstances lose strength, particularly when mixed with a large excess of sand. Moreover, while mortars of natural cement usually suffer a slight surface disintegration by freezing, although the total resistance of the briquette is greatly increased, briquettes of Portland cement mortar show no change on the surface, although their strength may be almost entirely destroyed.

Vol. LXIII. MAY 20, 1899. No. 1,627.

BY the sudden death of ex-Governor Flower liquidation was precipitated in the stock market that, in the usual order of things speculative, should have occupied a week or two. Governor Flower was a very popular man and the accepted leader in a most remarkable movement and his sudden loss so disorganized his following that its effects were much more serious to the market than were those of the death of either W. H. Vanderbilt or Jay Gould. The severity of the liquidation, on Saturday and Monday last, explains the quick recovery in prices and subsequent strength seen since. It also affords some warrant for the belief, prevailing to a moderate extent, that a further advance is still possible. Having discounted the effects of the loss of the leader of the bulls, the market is likely to resume the course that the changed circumstances of the situation call for. These circumstances were mentioned last week and they must again become potent. It is not merely that the bull party has lost an able leader, who was an enthusiastic believer in the commercial and industrial future of this country and who could carry others with him, but there is also nothing in the outlook upon which to base a new bull movement. Everything in sight that has a favorable bearing on the situation has been most thoroughly discounted, while there are unfavorable features that have not had their full effect upon prices.

IF there is any importance at all in the Peace Congress at the Hague, it probably lies in the fact that it has been found possible to get it together. During the present century several proposals for such a conference have been made, but had only a paper life. That delegates have been appointed and have met to exchange views on the all important questions involved in war, may not seem a very great step forward; but, in view of the impossibility of going even so far in the past, it is a much greater advance towards a better understanding among nations than it appears to be on the surface. The assembling of the Peace Congress is the first practical acknowledgment of its advisability and necessity, and all good people will hope that its outcome will show some progress toward world-round amity. As regards the more matter of fact question of the condition of foreign business very little that is new can be said. It is still good and there are no appearances on the horizon that threaten its stability, even having recent events in China and in the Transvaal in mind. The latest news from the latter point rather confirms than disturbs the view expressed in these columns recently that events there were making toward a settlement of the difference between the "outlanders" and "inlanders." The English railroads have of late been doing a good business, but the new business was not very profitable. The result on 11 of the greatest roads there for the first four months of this year was that a large increase in gross earnings was almost wholly absorbed by increased working expenses and prior charges. Cecil Rhodes' success in raising £3,000,000 ($15,000,000) to extend his South African railway is another illustration of the influence of the romantic in finance. He had nothing but his own opinion, that the Imperial government would eventually have to take over Rhodesia and compensate the capital invested in its development, to support his request, and yet this large sum of money was secured without any difficulty whatever. This reliance on a "government's" future generosity is really quite touching. The Messrs. Aird have contracted to give the government thirty or fifty years' credit for work done on the Nile, but under a distinct agreement as to payment at the end of the period; the shareholders of the British South Africa Company go them one better and give indefinite credit without any agreement whatever. Two sections, the Western and Central, of the Siberian railway, have been in operation for several years and traffic on them is growing quite rapidly. The western section in 1898 carried 350,000 passengers as against 160,000 in 1896 and 483,870 gross tons of freight as compared with 169,355 gross tons two years previously. The Central's passengers rose from 14,700 to 300,000 in the two years and the number of gross tons of freight from 16,339 to 177,420. Money having become easier at Berlin there is a revival of speculation there, but in Vienna the interest in quotable securities there that has not been killed by internal political difficulties finds its occupation in handling German mining and shares, following, of course, the Prussian capital's lead. The negotiation for an Argentine loan of $6,000,000 has failed. Some success has attended the contraction of the redundant Brazilian currency, $14,000,000 having been taken up and burned and the government's policy is to take up about $26,000,000 more in the course of the near future. From time to time vague reports have appeared of the prosperity of Mexican business; these reports now receive confirmation through the excellent earning statements made by the Mexican railroads.

THE RISE IN THE PRICES OF BUILDING MATERIAL.

THE past six months have witnessed quite a remarkable rise in the price of building materials; so rapid has been this advance that it has naturally impressed builders very much, but it is really not so serious, all the circumstances considered, as it appears to be. As a matter of fact, we seem to have got in one short half-year the advances that would, under ordinary circumstances, have been spread over a year and a half; this movement has carried prices beyond their several records in any period since December, 1892. Low prices are the result either of excessive production or limited demand and sometimes of both together. It is generally the case that the rate to which production of materials is forced by high demand is maintained beyond the period of extreme constructive activity, with the result that the manufacturer finds he has on his hands a large amount of stock for which there is little or no call, and he has in addition to continue manufacturing to some extent in order that he may keep his plant in working order and his force together. This state of things is unfortunate, but appears to be inevitable to the imperfect economical condition in which we live. A direct limitation of supply to demand has only been possible in very primitive communities. In modern times it is brought about by a process of natural adjustment of fat to lean years, in the first of which a great deal more is produced than can be consumed in them, and in the second the consuming process is completed.

This process has been about completed in the past ten years in the building trades in this country. For four or five years prior to 1893 there was large consumption and correspondingly large production of materials carried beyond the moment of highest demand, followed by a slow working up to a point of scarcity under reviving business. It must be remembered that the United States make the prices for New York City, which has been, probably, the only point in the country where there has been any considerable building activity in the past five years and which has, therefore, benefited by the low prices of materials prevailing until last fall. It has, therefore, had the benefit of low prices, even if it must pay proportionately more now that the demand has become general. The suddenness of the rise in the prices of building material is explained by the spontaneity of the whole industrial movement we are at present witnessing. By rights the rise in prices should have begun last spring, but it was suppressed by the coming of the war, and, like most live things that are held back from any cause, it came with increased force as soon as the pressure was removed. For the purpose of showing what the advances have been, we have prepared the following table, covering the period beginning with the close of the last good times and ending with this issue. From this will also be seen the intervals taken to work declines and recoveries in the prices of the several classes of materials mentioned:

From this table it appears that this year has brought about a substantial advance all along the line, so that, with a few exceptions, prices are as high now or higher than they were at the

close of 1892, which was a good year for business. It is only in the past month that prices have gone to the standards of 1892. A month ago brick was higher, but in the other lines there was then a considerable margin in favor of buyers between current figures and those of '92. In cements prices have only risen above what they were in the two other periods in the last fortnight. As to the price of lath, that, notwithstanding the uncertainties and comparatively small volume of supply, is relatively low. Lumber quotations have only recently caught up with their equivalents for 1892; had this article been written a few weeks ago, the comparison in this class would have been very like that of cements, which is also true of Eastern spruce. In steel prices, which have been put into a special table because the dates of the available quotations did not conform to those of the other articles. are in three out of the four typical cases given much below what they were at the opening of 1893 and on the whole favor the present times.

The figures given do not cover the whole field of building material prices, relating as they do to the main items of construction. The fitting and embellishment of a building after the walls and floors are made comprise a very important item, and here is where the greatest advance in prices has been made. Mantels, grates and tiles are about 40% higher than they were last year and all years since 1894. The advance in this line has been very rapid and, therefore, the more noticeable. In plumbing supplies, too, there has been a rapid rise of quotations. Within the past month the rise in the price of metals has put up manufactured goods about 10%, and before that there had been an advance of 25% and in cases of 30%. Labor, so far as this city is concerner, remains unchanged except for the 5c. an hour rise obtained by the bricklayers last week. The standards set by the unions have been maintained right through the bad times. Where work is carried on by non-union help there may have been other changes, but as union rates hold the market to a very great extent, outside labor is affected by that fact in bad as well as in good times. Outside the cities, where the unions are not so strong as they are within, the condition of the labor market has been different, but in New York City, where the amount of building is always large, though varying with years, there has been very little change, if any.

Building now costs more than it did last year, but it does not follow that this is necessarily a bad thing. Normally good prices are as synonymous of good times as abnormally low prices are of bad ones, and, so long as quotations do not go beyond the limit of reason, there is rather cause to be glad than sorry to see them advance. Advance means the return of demand in every direction; that the public has made money and is spending it; that the growth of representative wealth has been very great and is being employed to quicken the activities of the community. It is this broad feature of the situation that explains why building activity is not checked by the higher prices for materials, but on the contrary will expand under both private and public expenditures.

JUDGING from the reported opinions of representatives of the corporations as given in the daily press, any act to tax franchises will be bitterly contested, so that whatever form the Ford measure takes in the special session of the Legislature about to assemble, the judiciary will have to be heard from before the principle expressed in the measure can be applied to the easing of the burdens on lands and buildings. But the point on which owners of these kinds of properties can take satisfaction is that a principle extending the taxable resources of the state has obtained popular approval and must sooner or later find legislative expression that cannot be questioned. Regarding a matter of such stability as real estate, very long views may be taken and the adoption of this principle, becomes at once a factor in the making of values, without waiting for the operation of the machinery which is to make it tangibly productive. It has been pointed out that the new power to tax franchises removes the objection to granting franchises in perpetuity. This point is one worthy of consideration in connection with rapid transit legislation should any be proposed next week.

RECENT experiments have removed the one serious objection to the high building likely to have any weight with this community. That one objection was the apparent impossibility of fighting fire in the upper stories. To objections based on hygienic or aesthetic reasonings, the public was quite deaf, or rather they seemed to view them as mistaken. When the Fire Department maintained, as it did until recently, that it was incapable of dealing with fire more than 125 feet from the sidewalk, that was another matter, as it invested the high building with possibilities of horror not pleasant to dwell upon. It has lately been demonstrated, as was previously claimed in these columns, that protection from fire in these buildings is simply a matter of appliances and that their height has nothing to do with it. This view having now been adopted by the Fire Department, the best argument of those who wished to limit the height of buildings in this city has been taken away from them. The new building code will doubtless require the installation of suitable auxiliary apparatus, approved by the Fire Department, in all buildings above a certain height and graded as to sizes according to height and that will be the end of the matter. The movement for fixing the height of buildings did not deserve to succeed in the form it finally took. It became an agitation to perpetuate buildings of a height that would not allow of artistic results on such sized lots as are usual in this city. Unless the line could have been drawn to meet aesthetic requirements there was no use in drawing it at all.

OUR ALBANY LETTER.

Albany, May 18.—Governor Roosevelt has summoned a special session of the Legislature to consider the Ford Franchise Tax Act. It is possible that another rapid transit bill will be passed, Mayor Van Wyck having vetoed the other. Senator Grady, the leader of the Democrats in the Senate, said to-day that the Brooklyn Senators, Democrats and Republicans, were opposed to the passage of any rapid transit bill, feeling that in the Marshall Tunnel Act, to permit the Long Island Railroad Company to build a tunnel beneath the East River, as far as Cortlandt street, the Borough of Brooklyn has a rapid transit road. The Brooklyn Senators, it was declared by Senator Grady, are opposed to the growth of New York northward, but not eastward over Long Island. Governor Roosevelt states that he is not yet prepared to say whether there will be rapid transit legislation or not.

The following bills became laws the past week:

Chapter 576 (Senate No. 1275), exempting property of the National Academy of Design on the north side of 109th street near Amsterdam avenue from taxation.

Chapter 564 (Senate No. 1454), amending the New York charter so as to authorize the Municipal Assembly "in its discretion to grant a franchise or right to any railroad corporation to use any of the streets, avenues, parkways or highways in the city of New York for the construction and operation of a tunnel railroad underneath the surface thereof for the period of fifty years, and any such grant may, at the option of the city, provide for the giving to the grantee the right, on a fair revaluation or revaluations, renewals not exceeding in the aggregate 25 years; provided, however, that such grant shall only be made after an agreement has been entered into by such a tunnel corporation to pay to the city of New York 3 per centum, or so much thereof as may be, of the net profits derived from the use of any tunnel which it shall construct, after there shall have been retained by such company from such net profits a sum equal to 5 per centum upon the sum expended to construct such tunnel."

Chapter 568 (Printed Assembly No. 1460), providing for the construction of lateral sewers wherever the owners of 30 acres in extent petition for the construction of such sewers; and providing also for the payment of the cost of this work by the owners of the land.

Chapter 602 (Senate No. 927), amending section 1768 of the Code of Civil Procedure by providing that at any time after one year has elapsed he may apply to the court in which a judgment was rendered against him for an order directing the judgment to be cancelled and discharged of record. The bill also says: "Where the judgment was a lien on real property owned by the bankrupt prior to the time he was adjudged a bankrupt, the lean thereof upon said real estate shall not be affected by said order, and may be enforced, but in all other respects the judgment shall be of no force or validity, nor shall the same be a lien on real property acquired by him subsequent to his discharge in bankruptcy."

Chapter 591 (Senate Printed No. 1272), abolishing the present three Commissioners of Records of the County of Kings and authorizing the appointment by the District Attorney of a Commissioner of Records to serve for 5 years, and authorizing him to continue the reindexing of conveyances, mortgages and other instruments relating to lands and liens thereon in the county of Kings.

Chapter 605 (Assembly Printed No. 1918), providing for the publication in the official law paper of the county of New York upon Monday of every week, under the name of the Surrogate making the several appointments, a full list of the names of all appraisers, transfer tax appraisers, special guardians, referees and temporary administrators which either Surrogate shall have designated or appointed during the preceding week, together with the names of the proceedings in which they were appointed, and the dates of said appointments.

CONSOLIDATIONS IN THE BUILDING MATERIAL TRADES.

The absorption of the Mott Iron Works by the American Plumbing Supply and Lead Company, draws attention to the extent that plants for the manufacture of builders' supplies have been affected by the movement toward further industrial centralization. The surrender of its identity by the John L. Mott Iron Works is especially significant of the irresistibility, if not of the absolute necessity, of consolidation to meet the wants of the times. These works were established 90 years ago in Water street, and had lived and flourished until now, when they occupy about two blocks on the Harlem River and 3d avenue. The absorbing company has a capital of $35,000,000, which may be increased to $50,000,000, and, prior to this week, was said to include about 40 concerns located in Chicago, Boston, New York, and intervening cities. Their administrative officers are: Frank Torrance, of Pittsburg, president; B. Frank Hooper, of the Colwell Lead Co., of New York, treasurer, and E. H. Murdock, secretary. To give some idea of the extent that building materials are affected by this movement, we give below a list of the organizations made since January 1st last,, and those projected, which directly or indirectly relate to them, made up from the announcements contained in the daily press of this city:

Mr. Towne, of the Yale & Towne Manufacturing Co., is quoted by the "Daily Advocate," of Stamford, Conn., in contradiction of the reports current that his company, the Reading Hardware Co., Reading, Pa.; Sargent & Co., of New Haven; Russell-Erwin Mfg. Co., of New Britain, and P. F. Corbin Co., of New Britain, were about to consolidate. He is reported to have said:

These reports, which have been widely circulated, originated in the fact that last January the five large companies which manufacture builders' hardware met to discuss the question of prices. The companies were the Yale & Towne Manufacturing Company of Stamford and Branford, the P. & F. Corbin Company of New Britain, the Russell-Erwin Manufacturing Company of New Britain, Sargent & Co. of New Haven, and the Reading Hardware Co. of Reading, Pa. They agreed upon an advance of 10 per cent. in the prices of builders' hardware to cover the great increase in the cost of materials. On April 27 the same companies met to consider a further advance to cover the still continuing heavy increase in the prices of all materials, which, in view of the fact that nearly all of the articles of builders' hardware have for a long time been selling at prices covering very little profit, and in many cases less than cost, necessitated an advance in order to protect the manufacturer against what otherwise would have been a serious loss. For this purpose a further advance of 10 per cent. was made on April 27. Since then the same companies have been meeting together to arrange a definite and uniform scale of prices for staple goods, but have not reached any final agreement.

REFORM IN LAND TRANSFER.

Land transfer reform, as distinguished from the advocacy of the adoption of the Torrens registration system, is the subject of a pamphlet recently issued by Dwight H. Olmstead, who leads the agitation for a reform of our land transfer system, and at the same time the opposition to the wholesale adoption of the Torrens system in this State. The object of the pamphlet is to bring the information on the subject down to date for the use of those whose inclination or public duties lead them to examine the subject. The work has been performed by a very competent hand, and it ought to be carefully perused by everyone interested in the subject which forms its title, and especially by those who, without having inquired into the peculiarities of the Torrens system, or without having informed themselves of the results of its adoption elsewhere, have come to the conclusion that it would be a good thing for New York State.

The case for the Torrens system seems to be: Introduced into Australia in 1862, it has been the subject of much legislation in all the colonies, and, although the field there is peculiarly fitted for it, by reason of the comparative newness of the country, the cheapness of the land—rendering small errors unimportant—the definite boundaries of the original sectional surveys, the relatively small number of transfers, and the generally simple nature of the titles, it is still on trial. The final object, to secure indefeasibility of title to registered proprietors, has so far been unobtainable, owing to the impracticability of guaranteeing boundaries. That there are great difficulties in the way of perfecting this system is indicated by the constant tinkering the laws of the several colonies embodying the Torrens system have received. This legislation is thus summarized by Mr. Olmstead, with the remark that the history of the Australian acts is not favorable to their efficiency or permanence: "There have been in all 12 Victorian acts. The South Australian act of 1866 repealed a number of previous acts, including the original act of 1861, and was followed by three amendatory acts, of 1866, 1887 and 1893. In Western Australia the Transfer of Land act of 1893 repealed no less than six previous acts. The Land Transfer act of New Zealand of 1885 also repealed six previous acts, and was itself followed by two other acts, the last in 1889. And finally the Tasmanian Real Property act has, since its passage in 1862, been amended six times—namely in 1863, 1867, 1878, 1886, 1890 and 1893." These facts are set out in detail to show that the Torrens system has not an easy time, even in its native home.

In 1885 a system of registration of titles modeled on the Torrens act, was passed for the Province of Ontario, Canada, providing for the voluntary registration of absolute, qualified or possessory titles, the old Registry acts of 1877 for registration of deeds remaining in force. Since then similar systems have been introduced into Manitoba, British Columbia and the Northwest territories. It is difficult to ascertain the exact advantage of the system by its operation in these provinces on account of the limited number of transactions, and the same general conditions as prevail in Australia. In the United States acts similar to the Torrens acts were passed by the Legislatures of Illinois in 1895 and 1897, of Ohio in 1896, of California in 1897, and of Massachusetts in 1898. The first Illinois act having been declared unconstitutional, the second was passed, and is said to have been subsequently sustained in the case of People v. Simon, which does not seem to have been reported. The Ohio act was repealed in 1898, after an adverse decision of the Supreme Court. Mr. Olmstead gives an interesting account of the attempts to acclimatize the Torrens system in England, where it has persistently refused to grow. The bills for its adoption appear to have been introduced into Parliament officially in response to lay demands, and to have been defeated, or made very limited in area of application where they were not defeated, under professional opposition. Mr. Olmstead does not say so, but it is the case, that the opinion prevails, and has been expressed by careful and respectable lay journals in London, "The Economist," for instance, that the English conveyancers have prevented the extension of the system for purely interested motives. On the other side, it is pointed out, that though quite a number of acts permitting registration have been passed by Parliament, very little advantage has been taken of them. According to the testimony given in June, 1895, before the select committee on Lord Herschell's then pending Land Transfer Bill, it appears that of the 6,000,000 of transactions of land in England from 1861 to 1881, only 488 properties were registered under the prior land transfer acts, and of these 131 were taken off the register between 1861 and 1881 (although the act of 1875 prohibited such removal), and that of the enormous number of transactions during those years only 357 properties were put permanently on the register; and it further appeared that registration was constantly diminishing. An important point to be noted is that an act passed by Lord Cairns in 1874 provided for guarantee of boundaries, but on account of the risk attending it, that provision was omitted from a second act passed in the following year under the same authority. It came out in testimony that chiefly owing to the difficulty of guaranteeing boundaries, Sir Robert Torrens, the author of the Australian system, refused to register his English lands under the Cairns act of 1875.

Mr. Olmstead lays down nine objections to the introduction of the Torrens system into the United States, the heads of which are: (1) The indexing system would require the abolition of the block system now in use here; (2) it would require too many record books for its operation in the City of New York; (3) it would require highly skilled and permanent officials in the registry offices, who could not be secured in the United States under our election methods; (4) indefeasibility of title or registration is inconsistent with constitutional provisions for the protection of property; (5) indefeasibility of title is impracticable with claims of owners of adjoining parcels overlapping, as they sometimes do; (6) and (7) as the Torrens act only provides for guaranteed titles, why not leave that business to private corporations? (8) being a system of formulary law, it would prevent free control of property by owners as at present; (9) difficulty of work of examination and the great expense thereof. Finally, Mr. Olmstead suggests the adoption of specific reforms in the following words:

1. The adoption of the System of Block Indexing by small areas of search in cities and sections in which, by reason of the undue accumulation of recorded papers, searching cannot be conducted with safety and convenience by the use of nominal indexes alone. The conditions of such small areas being (1) that they shall have fixed and permanent boundaries, and (2) that they shall be established by statute as legal areas of search under the same rule of notice as is applicable to the larger areas of counties elsewhere in the States.

2. The permanent retention in the registry offices for public use of orginal searches, and the adoption, in connection therewith, of the Scotch "Certificate of Search," which is an official statement of all recorded instruments relating to any particular lot up to its date.

3. The compulsory use of short forms of deeds, mortgages and leases, by the use of what are called "pattern covenants."

4. The simplification of judicial proceedings relating to land, including foreclosures, partitions, sales of infants' estates, etc.

5. The abolition of the general lien of judgments and other general liens on land.

6. A reduction in the number and duration of specific liens, and all liens and instruments and decrees of transfer to be filed in the Registry Office.

7. The abolition of courtesy and dower. A suitable provision to be made for widows in lieu of dower.

8. The laws relating to real estate to be assimilated to those relating to personal estate so far as practicable.

9. The devolution of land, on the death of an owner, upon his personal representative (or a realty representative) in the first instance, for the purposes of distribution and conveyance under the order of the court to those entitled thereto.

10. The decent and distribution of real and personal estate to be alike on the death of an owner intestate.

11. A modification of the statute of uses and trusts, so that there shall always be some designated person to convey.

12. Parties to deeds to be more fully described therein than at present, for the purpose of identification.

13. A short but reasonable statute of limitations as to real actions, ignoring, at its expiration, infancy, lunacy, coverture, absence from the State and imprisonment.

14 Permission to place possessory titles on the register either by verbal description or diagram, as the owner may choose, to mature into perfect titles by lapse of time (which must also be for a reasonable period).

15. The adoption of the rule that defects of form alone shall not invalidate a registered instrument of conveyance, where an intent to convey appears on its face and a consideration was in fact paid.

16. The doctrine of constructive notice to be abolished and priority of registration in all cases to give priority of title, except in case of actual fraud. This would render registration practically compulsory.

While the authorities of the City of New York are contemplating the erection of a new Hall of Records it would be desirable for them to consider at the same time the expediency of reducing the volume of the records, both by destruction of the old records and limiting the number of the new. The Block Index has indeed rendered the operation of searching for recorded instruments easy and safe, but should the present rapid accumulation of such papers continue for another generation, it is absolutely certain that our registry system will break down of its own weight, as was prophesied when it was inaugurated, and we be relegated to the English method of the possession and delivery of title deeds. Even the Block System would not save it. The old records, certainly prior to forty years, are not only of no advantage to titles, but a detriment and serviceable only to conveyancers whose business it is to discover "flaws" which, like nits, nestle in the papers.

Questions and Answers.

BUILDING AND LOAN ASSOCIATIONS.

To the Editor of THE RECORD AND GUIDE:

Kindly inform writer through your columns if there are any laws in this State protecting shareholders in the Building and Loan Associations?

Answer.—Yes. See Banking Law, Sections 170-195.—Law Editor.

COMMISSION ON LOAN.

To the Editor of THE RECORD AND GUIDE:

A broker takes an applicant for a loan to a lawyer, who has the money and is willing to lend it, and the applicant makes out a written application. The lawyer finds on search that the title is defective, and, of course, refuses to lend the money. Is not the broker entitled to his commission from the applicant, nevertheless?

Answer.—Yes.—Law Editor.

RESULTS ON MODEL TENEMENTS.

The City and Suburban Homes Company's third annual report presents an income and expense sheet of the Alfred Corning Clark Buildings, consisting of 373 apartments, 4 stores and an office, on West 68th and 69th sts, between Amsterdam and West End avs, for the six months from Oct. 1st last to April 30th last, that period commencing when the process of letting was completed and the new buildings practically filled with tenants. In showing the first results of an undertaking of considerable proportions in meeting the housing wants of the industrial part of the community, the figures are especially interesting. The rates at which the company supply accommodations, and at which they have earned 5 per cent. upon the capital stock, and a surplus besides for the half-year are also given. In explanation of these rates, the report states that apartments on the ground floor and top floor are let at the same figures; on the second and third at 20 cents more; on the fourth and fifth at 10 cents more. Rentals of front and rear apartments of the same general class vary from 10 to 25 cents per week. The average rentals in the buildings are 92½ cents per room per week. The loss from vacancies from October 31, 1898, to April 30, 1899, was $582.35. The average weekly vacancies were seven and one-half apartments, or 2 per cent. of the entire number. The percentage of monetary loss from vacancies was 2.14. The total amount of irrecoverable arrears from October 31, 1898, to April 30, 1899, was $281.95. The percentage of loss from this source, calculated upon the total possible rental, was 1.04 per cent. Vacancies and irrecoverable arrears together represent during the above period, an aggregate loss of 3.18 per cent. of total possible rental. The proportion of irrecoverable arrears during the last six months has been smaller than for the previous half-year. From April 30th to October 31, 1898, the loss amounted to $403.40. It should be mentioned also that the building, No. 220 West 69th st, containing forty-five apartments, was set aside at the beginning, and has been maintained as a house for self-supporting women. A few of the four-room apartments were let to families without children. For all practical purposes this is a woman's building. The experience here has been eminently satisfactory. Good order, attention to the very mild regulations imposed, and promptness in the payment of rent, have been some of the results. Not a single cent has been lost in this building, from irrecoverable arrears, during the fourteen months that it has been open.

The volume of business in the private sales market has been small even for the middle of May, and the week's budget of news is practically devoid of all but commonplace speculative transactions. It seems probable, however, that some recovery will be experienced from the extreme lethargy of the moment; a normal summer market is confidently expected. Of course, brokers are not wanting who regard the summer outlook as unfavorable. Neither are there wanting brokers who say that the spring season just closed has been a distinct disappointment. As a matter of fact, the number of conveyances recorded for Manhattan and Bronx was 20%, and the expressed consideration 1⅛%, greater than during the corresponding season in 1895; the estimated cost of building projections showed an excess of 12½%. Now, 1895 is invariably referred to by the croakers as an example of prosperity in real estate. That in the face of unmistakably favorable statistical evidence the past season should be regarded by some brokers as a disappointment is not without significance. Activity has not been general. It has been confined to localities, and has been participated in chiefly by professional operators, building loan men and speculative builders. The buying that has been done has been done largely in anticipation of a popular demand for real estate investments, and has been of a discriminating and judicious character, with the result that as regards offerings and prices, conditions are extremely favorable to an investment movement. Meantime, although the dealing has been predominantly speculative, a very considerable amount of real estate, particularly residential housing and property required to meet expansion in commerce and manufactures, has been permanently removed from the market. In all probability, apart from professional trading, including the transfer of lots by building loan operators to speculative builders, the summer activity will lie chiefly in private houses and in suburban property. The coming partition sale of a business site in Broad street, Newark, calls attention to the transformation which that unarchitectural thoroughfare is undergoing, and incidentally to the fact that the revival in real estate is not confined to New York. The Prudential Insurance Co. has only just begun improvements in Bank street, between Broad and Halsey, which, with the land purchased this spring, will cost approximately $1,500,000. A plot in Broad street, adjoining the Prudential building, sold recently at a record figure; while a lot next to the corner of Franklin street, 27x120, which sold in December, 1898, for $27,000, was resold in February, 1899, for $35,000, and is now held at $41,000.

The total number of transactions reported below is 53, with considerations given in 11, and amounting to $566,750. Corresponding figures for last week were, 60, 9 and $896,750, respectively.

A very considerable number of the offerings put up at voluntary auction in the Real Estate Salesroom this week remained unsold, although some events attracted a good attendance and elicited fairly active competition. This was especially the case as regards the partition sale of No. 427 4th avenue, near 29th street; No. 431 4th avenue, and Nos. 101 and 103 East 29th street, near 4th avenue, which went to Ottinger Bros., Heilner & Wolf, and Henry Mongenthau, respectively, Mr. Morgenthau representing the New York Realty, Bond, Exchange and Trust Company. His purchase was subsequently transferred to Joseph Fleischman, who will erect on the site a 12-story bachelor apartment house. Of the 591 lots on 3d, 4th, 5th and 6th avenues, and 61st, 62d, 63d, and 64th streets, Brooklyn, offered by Peter F. Meyer, only 117 were sold, the rest were withdrawn, because the prices which were being obtained were not considered satisfactory. The issue of this sale was, perhaps, hardly surprising, in view of the tremendous quantity of cheap lots which have been put upon the market in Brooklyn during the past year. Equally unsatisfactory was the sale of lots at Jamaica, conducted by Richard V. Harnett, only 30 of the 68 parlots which has been put upon the market in Brooklyn during

and the prices secured at the partition sale, by James L. Wells, of vacant lots in Washington Heights, were all that could be desired.

Richard V. Harnett & Co.'s announcement of auction sales in the coming week, which will be found in our business pages, should have attention. It comprises notices of sale of the business parcels on the southwest corner of South and Jefferson streets, on the northeast corner of East Houston and New Elm streets, and on the northeast corner of 5th avenue and 13th street, the latter being a leasehold; also the dwelling No. 16 East 60th street, and the dwelling and store No. 33 Oliver street. Details of locations, dimensions, etc., will be found in the announcement previously referred to, and the auctioneers will furnish maps, etc., at their offices, Nos. 71 and 73 Liberty street.

Attention is again called to the sale at public auction of the property known as the Brown estate, and consisting of 160 lots located on Sedgwick avenue, Wolf (167th street) street, Lawrence avenue and Lind avenue and Graham square, by Auctioneer Peter F. Meyer on Tuesday next. The sale will, without a doubt, be one of the most interesting of the season, as it will bring into the market a large number of low-priced residence lots, located in one of the most beautiful spots in the city, and, at the same time, one of the most accessible. The lots are to be sold without reserve to the highest bidder, and if the recent sales in this section of the city can be taken as a criterion, there is every reason to believe that there will be brisk bidding for every lot. There has been a great demand for the beautifully illustrated sales books which are being distributed.

William P. Rae will sell on Wednesday next, 24th inst., at the Real Estate Exchange, Nos. 189-191 Montague street, Brooklyn, 138 valuable building lots belonging to the estate of the late Hon. Samuel J. Tilden. These lots are situated in the 12th Ward of Brooklyn, within a few blocks of Greenpoint ferry to 23d street, New York. Further particulars will be found in another page or can be obtained upon application to the auctioneer, No. 203 Montague street and No. 394 Gates avenue, corner Nostrand avenue, Brooklyn.

William M. Ryan will sell 250 University Heights lots for the estate of the late Sarah B. Cammann, on June 6, under a partition order of the Supreme Court. These lots are located on Fordham Heights road, Andrews, Sedgwick, and Cedar avenues, Loring and Cammann place, Harlem River terrace, and East 184th street, on high ground adjoining the University of the City of New York. The development of this section has taken the form of high-class residences for which these lots are eminently fitted. Trolleys and the Harlem Railroad afford excellent transit facilities. Titles will be guaranteed to purchasers free of cost by the Title Guarantee & Trust Co. Other particulars will be found in our advertising pages, and the auctioneer at No. 149 Broadway; Frederic J. Middlebrook, at No. 31 Nassau st., and Pierre W. Wildey, at No. 31 Pine street, will supply book-maps, etc., on request.

William Kennelly will on Thursday next, 25th inst., sell 157 choice lots at Williamsbridge, and near Bronx and Van Cortlandt Parks, possessing an admirable situation for immediate improvement. Having sewer, gas, water and transportation facilities, these lots should meet a ready sale at good prices. For further details consult our business pages or the auctioneer at 111 Broadway. The sale is announced as absolutely without reserve.

Attention is called to the announcement of the auction sale of Newark realty, which will be found on another page. This property consists of lots and plots on Broad and Hill streets, which will be sold by F. F. Guild, Special Master in Chancery, on Thursday, 1st prox., on the premises. Part is described as the finest and only large corner site in Newark adapted for large operations. As shown elsewhere Broad street, Newark, has been the scene of a big building movement and values have advanced phenominally. F. F. Guild, Prudential Building, Newark, N. J., or Richard V. Harnett & Co., Nos. 71 and 73 Liberty street, New York, will supply maps and further particulars.

Except for the brisk auction sales the week in Brooklyn realty has shown signs of approaching summer dulness. There have been a number of private sales, but no large transactions such as have been so frequent earlier in the spring. The season has been an unusually good one, but the experienced operators seem to feel that from now on there will be less and less activity until the fall season begins. Those brokers who deal in country properties find themselves unusually busy, however, as the demand for summer homes appears to be most brisk. Reports from these sources indicate that cottages on Long Island are finding a ready market, with rents moderate but easily obtained.

Outside the regular judicial sales there have been a number of attractions in the auction rooms for the Brooklyn operator. The sale of a portion of the William H. Langley estate, situated in the 30th Ward, on Wednesday, at No. 111 Broadway, Manhattan, attracted a number of buyers. Of the 591 lots offered only 118 were sold. As there has been little activity in this section recently comparisons of prices cannot be made. Considering the low figure at which Brooklyn lots have been selling this spring the prices at which the parcels offered were knocked down seemed high. Some of these were: $2,000 for the northwest corner of 62d street and 5th avenue, a desirable site for business purposes, with the trolley on the avenue; $1,000 each for the lots adjoining on this side of 5th avenue; $1,650 for the lot on the northeast corner of 62d street and 5th avenue; $925 each for the adjoining lots on the avenue; $875 for the northeast corner of 62d street and 6th avenue; $400 each for the 6th avenue lots adjoining; $325 each for the 62d street lots adjoining; $1,425 for the northeast corner of 64th street and 3d avenue; $900 each for the adjoining lots on the avenue. The lots on 63d street, between 5th and 6th avenues, sold for $80 each, the lowest price paid for any of the property at this sale.

The sale of Kensington and Bensonhurst lots on Thursday at the Brooklyn Real Estate Exchange resulted in disappointingly low prices considering the improved condition of this property. Ten lots, each 20x100, fronting on the south side of Avenue D and extending from East 3d street to East 4th street, sold for $290 apiece. Lots in this same block on East 3d street and East 4th street, averaged from $170 to $205 each. The choicest parcels, consisting of 7 lots on Ocean Parkway, together with the lots in the rear on East 5th street, each 20x125, brought in all but $5,900 for the entire 14 lots.

Values in Jamaica were indicated somewhat by the sale of lots belonging to the Champion estate, of which 30 were sold by Richard V. Harnett on Thursday at the Manhattan Auction Room. These lots are situated near Fulton avenue, the main thoroughfare from Brooklyn to Hempstead. All the streets are opened, graded, guttered and sewered, and have water supply. The prices realized ranged from $225 to $315 for the 25-foot lots.

District Attorney Steele, by virtue of the power invested by the bill signed by Gov. Roosevelt, creating the office of Commissioner of Records of Kings County, and abolishing the three-headed commission, yesterday appointed ex-Assemblyman George E. Waldo to the office. The term is five years at a salary of $5,000.

The New York City Homes Company, of Brooklyn, has been incorporated with a capital of $10,000. The directors are Mirabeau L. Towns and Francis Gross, of Brooklyn, and Walter Gross, of Springfield, L. I. Another realty company just incorporated is the Equal Realty Company of Brooklyn. The directors are E. Hanschild, Charles Hammel, Wallace Noualke, Chris. Morris, Alfred R. Stevenson, H. H. Torborg, Henry Steckmest, Carl J. Heyser and George M. Young.

The engineering work of the new section of Brooklyn known as Prospect Park South is in charge of Walter M. Meserole, the President of the Brooklyn Engineers' Club. This property is located in the heart of Flatbush, just two blocks south of Prospect Park, and is now being developed.

The Sixth District Local Board of Improvement has recommended the repaving of Sterling place between Vanderbilt and Underhill avenues, and also the flagging of the 15th street and Classon avenue sidewalks.

Jacob Rothschild has cancelled his plans for the erection of a 5-story brick building on the northwest corner of Fulton and Jay streets and substituted new plans for a 3-story brick store building on the corner to cost $35,000. Considering the value of this site it is a matter of disappointment to Fulton street property owners that the original plans are not to be carried out.

According to Deputy Highway Commissioner Farrell King's Highway, which runs from 21st avenue, Bensonhurst, through Gravesend, Flatlands and New Lots to Jamaica, will soon be one of the best paved thoroughfares in Brooklyn.

It is stated that negotiations are being carried on for the purchase of a large piece of business property located near Borough Hall; $560,000 has been offered for the property, indicating that the transaction, if it goes through, will be a big one.

In accordance with a resolution passed by the 29th Ward Taxpayers' Association, a committee has been appointed to secure the co-operation of other taxpayers associations in the scheme for the extension of Flatbush avenue. This scheme has been agitated for several years past, and is considered one of the best schemes for the relief of lower Fulton street. It provides for the extension of Flatbush avenue in a straight line to the bridge, thus enabling many of the cars to reach the bridge without passing through lower Fulton street. The natural opposition of Fulton street business men to this possible divertance of trade has hitherto prevented this plan from being carried out.

The Borden Condensed Milk Company expect to erect a building for the use of the company on a plot on the east side of Fort Hamilton avenue, between 60th and 61st streets. This plot is 200x100, and was purchased by the company this week. The building to be erected will be the central supply station for New Utrecht and Gravesend. It will cost $60,000. C. N. Moody & Co. were the brokers who made this sale.

Work on the new $2,000,000 railroad depot which is to be built by the Brooklyn Dock and Terminal Company at the foot of 25th street, is expected to be started some time next week. This depot will be used as a general station for New York and New Jersey railroads. It will also have large dock facilities.

7th ave, No. 166, north side, between Garfield place and 1st st, 4-story brick apartment house, with store; seller, M. Hogan; buyer, John Bukeske; brokers, Burrill Brothers; price, $14,000. In part payment the buyer conveyed to Hogan No. 163 Huntington st, north side, between Clinton and Court sts, 3-story brick dwelling, valued at $6,000.

2d st, No. 74, south side, between Clinton and Court sts, 2-story and basement brick house, 19x40x100; seller, Mrs. Elizabeth W. Myers; buyer, Joseph Roy; broker, A. J. Dooher.

Flatbush, northeast corner of Hinckley place and East 8th st,

100x100; seller, Donald W. MacLeod; buyer, Michael J. Newman; broker, John V. Ohnewald.

Flatbush, southwest corner Av B and East 9th st, 40x100; seller, Donald W. MacLeod; buyer, Michael J. Newman; broker, John V. Ohnewald.

Flatbush, west side of East 8th st, 240 feet south of Church lane, plot 60x125; seller, James Hibson; buyer, Edwin Donelson; broker, John V. Ohnewald.

Sutter av, No. 837, north side, 50 feet east of Schenck av, 25x100; seller, F. A. Lane; buyer, John Ross; consideration, $2,000.

Hanson place, No. 28, south side, between Flatbush av and Fort Greene place, 20x100, 3-story brownstone dwelling; seller, Margaret Garvey; buyer, The Long Island Railroad Company; brokers, Redmond Brothers.

Madison st, Nos. 916 to 934, between Howard av and Broadway, ten 4-story brick double apartment houses, each 40x80x100; seller, Dr. George W. Heatley; buyer, Walter L. Johnson; consideration, $125,000; broker, F. W. Kissam.

Berkeley place, Nos. 107 and 109, two 4-story brownstone front single apartment houses, 22x71x100 each; buyer, ex-Governor Leon Abbott of New Jersey; consideration, $40,000; broker, George W. Heatley.

REAL ESTATE NOTES.

William Kennelly, the well-known auctioneer and broker, has removed to more commodious and better arranged offices in the Trinity Building, No. 111 Broadway. The new offices adjoin the office formerly occupied by Mr. Kennelly.

Speaking to a deputation yesterday, Mayor Van Wyck said he expected to see the tunnel rapid transit road started before he went out of office. He also said he expected to walk over the new East River bridge before the end of his term.

Adelson & Slone, real estate operators, are now located at No. 95 Liberty street. They are active in the purchase and sale of improved and unimproved property, and make loans to builders. Messrs. Thos. Adelson, Moses A. Slone and Sol. Lewine, special, comprise the firm. Their telephone call is 1048 Cortlandt.

Condemnation proceedings will be begun early next week against the owners of No. 25 State street, No. 26 State street, and No. 1 Bowling Green row, which form part of the proposed Bowling Green custom house site. These owners are E. M. Brown, the Lutheran Home, and the Cooper estate, respectively. Assistant U. S. District Attorney D. Frank Lloyd has charge of the case for the government.

The Dock Board asked permission of the Sinking Fund Commission to buy 400 feet of waterfront property on the side of South street, between Pike and Rutgers streets, for $375,000. The property, it is said, is assessed for only $65,000. The Comptroller made an adverse report on the application, and the commission voted to take the property by condemnation proceedings.

At a meeting of the Board of Governors of the Real Estate Board of Brokers of the City of New York, held May 2d, it was unanimously resolved that the thanks of this Board are hereby tendered to the Hon. John Ford, for the introduction by him, of the bill known as the "Ford Franchise Tax Bill," and for his earnest and successful efforts in securing the passage of said bill. This resolution has been engrossed and sent to Senator Ford.

The Commission appointed to acquire the two blocks, between 11th and 12th avs, and 52d and 54th sts, the site of a new park, was organized this week, and will hold sessions at the office of the Corporation Counsel, at 2 p. m., of Monday, Wednesday and Friday of each week. As this park is laid out under Chapter 320 of the Laws of 1887, title rests on confirmation of the damage report. The Commission is composed of Chauncey S. Truax, Geo. Flint Warren, Jr., and John J. Ryan.

At a meeting of the New York Realty, Bond, Exchange & Trust Co., held this week, at the offices of the Central Trust Co., the following directors were elected: For the term expiring on the third Wednesday in January, 1900—Henry O. Havemeyer, Michael Coleman, William A. Nash, James N. Jarvie, and James N. Wallace; for the term expiring in January, 1901—Anthony N. Brady, John D. Crimmins, Ernest Ehrmann, James H. Post, and James Stillman; for the term expiring in January, 1902—Frederic P. Olcott, Hugh J. Grant, Henry Morgenthau, Frederick Southack, and Alwyn Ball, Jr.

It is interesting to note that the tendency toward a better class of housing than the tenement, pure and simple, is spreading on the East Side. As noted in our Building News, Horenburger & Straub are drawing plans for a 4-family 5-room flat at Nos. 420 and 422 Grand street, and a 3-family 4-room flat at No. 249 East 7th street; Michael Bernstein has plans on the boards for a 2-family 4-room flat at No. 609 East 6th street. Plans were filed recently by Horenburger & Straub, for one 1-family 6-room and two 2-family 5-room flats at Nos. 267 to 273 East Broadway; also for flats at Nos. 254 to 256 East 7th street, and Nos. 65 and 69 Market street.

Tunnel news has become quite prominent lately. The Manhattan Canal Co. of New York City was incorporated at Albany this week with a nominal captital for the purpose of constructing a tunnel from a point below Canal street to Jersey City. The New York and Brooklyn Railroad Company made application to the Municipal Assembly for a renewal of their franchise granted in 1896, to dig a tunnel from Park row and Ann street under the East River, to Willoughby and Adams streets, Brooklyn. The application was referred to the committee on bridges and tunnels.

The report obtained currency this week that the Manhattan terminal of the ferries to Broadway and Greenpoint avenue, Brooklyn, was to be removed from 23d street to 42d street. Inquiry at the Dock Department disclosed the fact that the Brooklyn Ferry Co., which operates the ferries connecting 23d, 10th, Grand and Roosevelt streets, Manhattan, with points in Brooklyn, made application on February 10 for the slip at 42d street, the evident purpose being to establish a branch line, inasmuch as the lease of the 23d street terminal does not expire for a number of years. However, the Dock Department is negotiating with the company to secure a temporary arrangement, which will enable the city to construct the projected marginal street continuing Avenue C to the foot of 23d street, a plan which includes removing the ferry slips considerably farther out into the river, so as to conform with the new bulkhead line established in 1888. There is, therefore, no removal contemplated from 23d street. But a new ferry at 42d street should have an important effect on real estate in that neighborhood, and it is not impossible that the purchase last week, through Wm. R. Ryan, by an unnamed "investor," of nearly two block fronts on the west side of 1st avenue, between 41st and 43d streets, may have been made in anticipation of that effect. The application of the Brooklyn Ferry Co. was granted yesterday by the dock board.

BUILDING MATERIAL MARKET.

BRICK.—Manufacturers have settled all difficulties with their employees and are making brick as fast as possible. In spite of this the active demand has kept prices up to those of last week, namely, $6.00@6.50. Barge loads are taken up as soon as they come in. Arrivals up to Thursday night were 53 barges.

LIME.—Conditions are unchanged from last week. The market is bare, and all arrivals are quickly absorbed. Prices remain firm. Rockland is 80@85c. for common and 90@ 95c. for finishing. State is 75c. and Jointa 90c. per bbl.

CEMENT.—Prices are very firm. Dealers are of the general opinion that trade conditions warrant higher prices. Compared with the last three or four years, when cement was for a period sold below the cost of production, present prices are satisfactory, but on the other hand Rosendale has barely reached the price obtained before the '93 crisis, while other building material is higher than the prices obtained at that time. The strong, healthy condition of the market gives prospect of making this year a record breaker in the amount of cement used. Rosendale is 80@ 95c. per bbl. Portland, $2.00@2.10 per bbl.

LATH.—The market is very bare and few are on the way. Barely 4,000,000 have arrived this week. Spruce slab bring $2.40 @2.50.

LUMBER.—North Carolina pine has advanced again. Orders are being placed many weeks ahead. The yards are overcrowded with work and are making herculean efforts to accommodate their customers. The condition of mahogany is especially strong.

NAILS.—For the last two or three weeks prices have been very firm, and jobbers are expecting an advance for both varieties. Such an advance would be justified by the present high prices of steel billets. Exports continue heavy. Wire nails are $2.20 for car lots f. o. b. mill, Pittsburg base; $2.45@2.50 small lots, mill shipments; $2.60 for small lots out of store. Cut nails are $1.75 for carload lots, jobbers, f. o. b. mill, Pittsburg base; less than carload lots, $1.80; to others than jobbers, $1.80@1.95.

GLASS.—The uncertainty as to future discounts still prevails, but it is expected that rates will be decided upon in a few days. Meanwhile jobbers give discounts as last week though the increased strength of the market is felt. There is a rumor that a new plate glass company has been formed to compete with the consolidated interests. Discounts quoted are for window glass, 80, 20 and 5% off; French, 80 and 10% off; plate, 80% off.

NAVAL STORES.—The past week has seen a gradual falling off in the price for spirits. The buying continues slight in expectation of a further decline, notwithstanding the fall off, prices are exceptionally good for this season, being several cents higher than at this date last year. Spirits of turpentine sells for 41c. for Southerns and 41½c. for machines. Tar is firm at $1.90&2.00 for regulars and $3.37½@3.45 for oil barrels. Pitch is $1.70 per bbl.

COAL TAR PRODUCTS.—Tar, $4.50@5.00 per bbl. of 50 gallons; pitch, $2.24@2.50 per cement bbl.; tarred roofing felt, $35.00 @40.00 per ton. These prices are f. o. b. New York, to jobbers only.

OIL.—Trade in linseed is slack, partly due to the fact that this is the dull season and partly to the well stocked condition of buyers. City brands are 49c. for 5-bbl. lots or more, and 50c. for smaller quantities, an advance of 2c. per gallon for boiled. Western brands are 48c. per bbl.; Calcutta brings 58c.

LEAD.—There is no change from prices last quoted by the National Lead Company.

OF INTEREST TO THE BUILDING TRADES.

Lynch & Coombs have opened an office at No. 1133 Broadway, Rooms 902 and 904.

The Masons' Arbitration Board will hold a meeting in the Building Trades' Club rooms, Thursday, May 25th, at 8 p. m.

The house on the corner of Wall and New streets is being torn down to make room for the second section of W. Wheeler Smith's new building.

John R. Thomas, architect, submitted this week to the Board of Estimate specifications for the inside work of the Hall of Records, they were referred to the Comptroller.

The offices of the United States Plumbing Supply and Lead Company will be located in the American Surety Building, No. 100 Broadway, and not in the Empire Building as currently reported.

The Board of Estimate and Apportionment have authorized the expenditure of $4,500 for repairs to the Blackwell Island penitentiary and $3,000 for furnishing fire escapes to the same.

Second-hand brick of the best quality at uptown and downtown points, in large quantities, can be bought cheap from T. J. Mooney & Co., of No. 509 East 19th st. Telephone 1231-18th street.

Cass Gilbert, who has been usually mentioned in these pages as of Minneapolis, calls our attention to the fact that his New York office is at No. 111 5th av, and his Western office in the Endicott Building, St. Paul, Minn.

Wm. P. Bannister and R. Montgomery Schell, architects, announce that they have formed a partnership under the firm name of Bannister & Schell, with offices in the Presbyterian Building, No. 156 5th av, New York.

Isaac H. Ford, of No. 104 Fulton street, has the contract for drilling the artesian wells for the Pabst Brewing Co.'s new building at 42d street and Broadway; also at their ice plant, 49th street and North River. His card appears in our advertising columns.

At a conference of the Mason Builders' Association and Bricklayers' Union, held the 12th inst., an agreement was rendered to give bricklayers 55c. per hour and to allow them a half holiday on Saturdays. In other respects the agreement is essentially the same as that in force last year. The present agreement will run to May 1st, 1900.

The following removals are noted this week: H. B. Coho & Co., to the Singer Building, No. 149 Broadway; Frank Ellingwood, to No. 254 West 84th st; George W. Prodgers, to No. 287 4th av; The Melan Arch Construction Co., Wm. Mueser, Civil Engineer, and T. Kennard Thomson, Consulting Engineer, to the Park Row Building, Nos. 13-21 Park row, Room 1228; Hobart A. Walker Co., No. 31 Nassau st; Joseph Hyman to No. 224 East Broadway.

The Goss & Edsall Company, dealers in building materials, with main offices and yards at 358, 359 and 360 West street, near Leroy street, have for the purpose of better facilitating the conduct of their largely increased business, established a branch yard at the foot of West 47th street, where they will have on hand at all times a complete line of goods in which they deal. This move on their part will be, no doubt, much appreciated by their many customers uptown, as it will make it much more convenient for their patrons as well as themselves, in doing away with delays in delivery on long hauls. The firm has, in connection with its yards and offices, a complete system of telephonic communication, and orders will receive the most prompt attention. The Goss & Edsall Company have furnished the building materials for a large number of the most important buildings erected in New York. They report a very active demand for goods in their line, with the prospects of much better business in the near future.

The long-established and reliable firm of Candee & Smith, dealers in masons' building materials, have recently finished, or have in hand, contracts for such important structures as the Morton Building, on Nassau and Ann sts, for D. C. Weeks & Son, contracting builders; the Hall of the Board of Education, at Park av and 59th st, and Museum of Natural History—both for Thos. Cockerill & Son, contractors; Colored Home and Hospital, in the Borough of the Bronx; E. W. Candee's new dwellings, at Park av and 65th st; and G. C. Brown's group of houses, also on 65th st, adjoining the Candee houses, and under construction by C. T. Wills; private residences on East 79th st for Contractors Charles A. Cowen and C. T. Wills, and the Cornell Medical College, which will cover the westerly block front on 1st av, between 27th and 28th sts, and for which M. Reid & Co. are the contracting builders. For the prompt filling of all orders, Messrs. Candee & Smith have yards at the foot of East 26th and East 53d sts, and at 135th st and Mott Haven Canal. Their main office continues at the foot of East 26th st, and office and yards have telephone connections.

The product of the American Enameled Brick and Tile Co., which is made up in a variety of standard colors, sizes and special shapes, is in growing demand, and is specified by leading architects for important structures in all sections of the United States. Messrs. Waring, Chapman & Farquhar, the well-known architects, have specified the American Enameled Brick for work underway at Sedgwick, Pa.; Stockbridge, Mass.; Cedarhurst, Southampton and East Hampton, L. I., and Sharon, Staten Island. Messrs. Norcross Bros. are using the American enameled brick at the Oelrich house, at Newport, R. I. They were used in the new fire-house on East 12th st, Horgan & Slattery, architects, and P. Gallagher, contractor; the Public Comfort Station, at Houston and Pitt sts; W. Reid's flats on 110th st; Geo. Bechtel's brewery, at Stapleton, S. I., and for the Staten Island Water Supply Co. and Burger & Slater, of Poughkeepsie. Last, but not least, is the order for enameled brick for the Cornell Medical College, to be erected by M. Reid & Co., builders, on 1st av, covering the block between 27th and 28th sts, after plans by Architects McKim, Mead & White. The offices of the American Enameled Brick and Tile Co. are now located at No. 1 Madison av, Metropolitan Life Building, where samples, prices and other information can be obtained.

Isaac A. Hopper, the well-known builder and contractor, admitted his son, Thomas T. Hopper, to membership in the firm, which for many years has borne his name, and the firm name will in the future be known as Isaac A. Hopper & Son. Mr. Hopper, Jr., has proved himself within the four years in which he has been connected with his father's business, a valuable assistant, and this action of his father's comes in the nature of a reward for merit. This action for other reasons will prove opportune, inasmuch as for the reason that Mr. Hopper, Sr., is president of two banks, the Twelfth Ward and Twelfth Ward Savings, his time to a certain extent is given to those institutions. Therefore, many of the burdens of the extensive contracting business of the firm will in part be borne by the junior member. The offices will remain as heretofore, at No. 219 West 125th street.

At the last meeting of the Council, the following ordinance was reported by the Committee on Law Department with a recommendation for its adoption, but was referred back to the Committee for further consideration:

An Ordinance to Regulate the Issuing of Licenses to Plumbers for Making Connections with Sewers, Etc.

Be it ordained by the Municipal Assembly of the City of New York, as follows:

Section 1. That all openings into any sewers or drains for the purpose of making connections therewith from any house, cellar, vault, yard, or other premises, or for making repairs to said connections, or all openings into any water-mains for the purpose of making connections therewith from any premises, or for making repairs to said connections, or any excavation, opening or displacement of the carriageway of any street, avenue or public place in the City of New York, or sidewalk thereof, shall be made by persons in accordance with chapter 602, Laws of 1892, to be licensed by the President of the Board of Public Improvements of the City of New York, in writing, to perform such work; and the said persons, before being so licensed, shall execute a bond to the City of New York in the sum of one thousand ($1,000) dollars, with one or more sureties, to be approved by the Comptroller of the City of New York and filed with him. Said bond to be conditioned that they will carefully make the street opening in the manner described by the head of the Department having jurisdiction to permit such openings to be made, and close up the same to the satisfaction of the said head of Department.

Sec. 2. Upon such license being issued, the said President of the Board of Public Improvements shall forthwith notify the Commissioner of Sewers, the Commissioner of Water Supply and the Commissioner of Highways that such license has been issued, and also transmit to each of the said Commissioners the date of issuing said license and the name and address of the person licensed.

Sec. 3. Neither the Commissioner of Sewers nor the Commissioner of Water Supply shall issue a permit to a person duly licensed, as above provided, for work hereinbefore described, unless the application for said permit is first approved by the Commissioner of Highways.

Provided, however, that no person shall be so licensed who has not previously obtained a plumber's license according to law.

Sec. 4. All ordinances of the former municipal and public corporations or parts thereof consolidated into the City of New York inconsistent herewith are hereby repealed.

CONVEYANCES.

Whenever the letters Q. C., C. a. G. and B. & S. occur, preceded by the name of the grantee, they mean as follows:

1st.—Q. C. is an abbreviation for Quit Claim deed, i. e., a deed wherein all the right, title, and interest of the grantor is conveyed, omitting all covenants or warranty.

2d.—C. a. G. means a deed containing Covenant against Grantor only, in which he covenants that he hath not done any act whereby the estate conveyed can be impeached, charged or encumbered.

3d.—B. & S. is an abbreviation for Bargain and Sale deed, wherein, although the seller makes no express covenants, he really grants or conveys the property for a valuable consideration, and thus impliedly claims to be the owner of it. The street and avenue numbers given in these lists are, in all cases, taken from the Insurance maps when they are not mentioned in the deeds. The numbers, it will occasionally be found, do not correspond with the existing ones owing to there having been no official designation made of them by the Department of Public Works.

4th.—The first date is the date the deed was drawn. The second date is the date of filing same. When both dates are the same, only one is given.

5th.—The figures in each Conveyance, thus 2 : 482, denotes that the property is in section 2 block 482.

6th.—Subscribers will find Conveyances in this list with the wrong block No. attached. The block No. we give is taken from the instrument as filed.

MORTGAGES.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded. When the letters "P. M." occur, preceded by the name of a street, in these lists of mortgages, they mean that it is a Purchase Money mortgage, and for fuller particulars see the list of transfers under the corresponding date.

The first date is the date the Mort is drawn, the second the date of filing; when both dates are the same only one is given.

Subscribers will find Mortgages in this list with the wrong block No. attached. The block No. we give is taken from the instrument as filed.

Mortgages against 23d and 24th Ward property will be found altogether at the foot of this list.
